SLAIN BY TORNADO

TWENTY-FIVE PERSONS DEAD IN ALABAMA.

STORM SWEEPS BIRMINGHAM

PART OF THE CITY LAID LOW BY THE WIND.

JONES VALLEY DEVASTATED

ALL WIRES DOWN AND NEWS HARD TO OBTAIN.

Birmingham, Ala., March 25.—In a tornado which today swept over Jones Valley, in which Birmingham is located, twenty-five lives are estimated to have been lost. Immense damage was done to property. Between 9 and 10 a. m. the storm raged with great violence. Such havoc was created that up to 12:30 o'clock this p. m. the number of casualties had not been definitely fixed. Twenty-five dead was, however, the general estimate. Of these seven were killed at Irondale, about fifteen in the city of Birmingham and the others in suburban towns.

THE DEAD.

Among the known dead are the following:

Dr. G. Chapman, prominent physician of this city, killed by falling debris in Menthor's store on South Twentieth street.

Mrs. Robert J. Lowe, wife of the chairman of the state democratic committee.

Infant son of Mrs. Lowe, both killed at their residence on South Highland street.

J. Alexander, merchant, killed in his store at Avenue J and Twenty-fourth street.

W. H. Dickerson, bookkeeper, killed in Menthor's store on South Twentieth street.

Daughter of B. B. Hudson, merchant.

Lizzie Glenn, colored.

Carrie Henry, colored.

Lizzie Goodloe, colored.

Carrie Hudson, colored.

Maggie Blevins, colored.

J. Myro, colored.

Fannie Steadmire, negro cook for B. D. Hudson.

FATALLY INJURED.

Among the fatally injured are Mrs. R. H. Thomas and Mrs. W. H. Thomas, wife and mother of a prominent real estate agent.

The storm did its worst damage in the neighborhood of avenues I and J, from Tenth to Thirtieth streets, wrecking scores of buildings and creating terrible havoc. The entire fire and polic departments turned out to render aid and are still engaged in taking the dead and injured from the debris and sending them to undertaking shops and hospitals.

At Pratt City, the roof of the brick high school was blown away and the First Methodist church was wrecked.

Dozens of negros' cabins were demolished. The commissary of the Tennessee Coal and Iron company was blown down. Reports of great damage to growing crops and farm houses in the vicinity are reported.

Brighton and North Birmingham were considerably damaged. At Irondale the extent of the damage is not yet known but it is stated that five stores were demolished in the business district and seven people were killed.

DUCAL PARTY NOW IN MALTA

RECEIVED WITH ACCLAIM AND MUCH CEREMONY.

Pleasant Incident of the Tour of the World by the Duke of Cornwall and York.

Malta, March 25.—The steamer Ophir, bearing the Duke and Duchess of Cornwall and York on their tour around the world, arrived here this morning.

The warships in the harbor were manned and dressed. The sun shone brightly, and the crowds were early astir, pouring into Valetta and filling the terraces and ramparts commanding a view of the harbor.

The approach of the Ophir was heralded when she was still eighteen miles distant by salutes from a flotilla of ten torpedo boat destroyers which went out to meet her.

She entered the harbor amid salvos of artillery from St. Angelo, the citadel, forts and warships.

After receiving the officials, the duke and duchess landed and drove to Porto Reale and thence to the palace. The balconies of all the houses along the route were profusely decorated with flags and bunting and filled with cheering spectators.

The entire distance from the landing place to the palace was brightly decorated with venetian masts and arches. The streets through which the duke and duchess and their party passed were lined with troops and blue jackets.

EXAMINATIONS IN PROGRESS.

The annual examinations in the different Lutheran schools of the city commenced this morning and will continue throughout the week. The results will be announced some time next week, and promotions will be made after Easter.

CONTINUES BIBLE STUDIES.

Rev. Wight, of Kalamazoo, will continue his Bible studies in Fort Wayne this week, holding the meetings at the Berry Street M. E. church, beginning Tuesday afternoon at 2:30. The evening subject will be "The Opened Book."

ELKS' PROGRAM COMPLETED

DETAILS OF THE STATE MEETING IN JUNE.

Executive Committee Cuts One Day Off the List—Some of the Principal Events.

At a meeting of the Elks' executive committee last evening a definite program for the state convention to be held in Fort Wayne in June was formulated. It was deemed best to hold the sessions on but three days instead of four, and the original intention to protract the exercises until Friday was abandoned.

The dates of the meeting will, therefore, be Tuesday, Wednesday and Thursday, June 11, 12 and 13. According to the outline as now definitely determined, the first day will be given over to the reception of delegates and visitors at the assembly room of the court house. The night event will be a stupendous mardi-gras carnival, which will formally open the festivities of the week.

Wednesday morning the state lodge will go into session at the Elks' lodge rooms in the Lau building, and the business of the meeting will all be transacted at this time, so that the remainder of the stay in Fort Wayne can be given over to unalloyed pleasure. Wednesday afternoon a grand parade of Elks will be given, in which it is expected that more than 2,000 Indiana members of the order will be in line. The route of march will cover the principal down town streets. Wednesday night will occur the big social session for the Elks and their invited guests. This function will probably be held at the Robison park pavilion. This fact is not yet definitely settled, but the committee members express a preference for this location.

Thursday, June 13, will mark the appearance of the circus, and both afternoon and evening performances will be given. R. O. Rankin has been chosen as manager of this feature, and will give his entire attention to it from this time forward. The committee has closed a contract for a complete circus outfit, and the tents will be spread near the base ball park. About half the performers will be secured from the professional ranks, while well known local stars of the circus ring will bring up the other half of the show. A number of bands will be present, and concerts will be a strong feature of the day.

The Elks now have on hand a fund sufficient to carry out the entire convention program, and the members are entering into the preliminary work with a splendid enthusiasm. The Fort Wayne meeting will set a mark for all future state events of the order.

MASSACRED BY TURKS.

Constantinople, March 25.—According to private advices from Macedonia a band of Turks massacred three Bulgarian families, men, women and children, in the village of Aghamahalleh, near Seres, a town forty-seven miles northeast of Salonica. Details of the outrage have not been received. The news created a profound sensation. It is reported that a village near Monastir in Macedonia, with a mixed population of Mussulmans and Bulgarians has been burned.

UNABLE TO AGREE

POWERS FAR APART ON THE MILITARY QUESTION.

DIVIDE ON LEGATION POLICE

PRESENCE OF SOLDIERS IS OPPOSED BY MINORITY.

RUSSIAN TERMS ARE MODIFIED

AGREES TO CHANGE THE MANCHURIA CONVENTION.

Pekin, March 25.—The foreign ministers seem utterly unable to agree as to the best method of policing the legation quarters. The proposition most favored by the majority and most complained of by the minority is one providing that men of the regular armies shall be detailed for the service, under one officer connected with the allies. United States Special Commissioner Rockhill is one who objects to this plan, as is also the British minister, Sir Ernest Satow, who says, though an international force is desirable, it would be better that the police details should be composed of soldiers who are not liable to be called away when they are most useful.

It is also undesirable, he thinks, that the commandant should be an officer actively connected with any army, while the intention to make each legation practically an armed camp is a great mistake and is liable to cause friction; and it would be better far to make a general international district.

DANGERS POINTED OUT.

The home ministers are seriously considering the advisability of asking the government to reconsider the decision in favor of the big legation guards as being liable, not only to keep the court from returning to Pekin, but also as a continued source of danger in the dealings with the Chinese, as it would be impossible to keep the guards entirely within the legation quarter, which condition Prince Ching and Li Hung Chang insist upon, saying that otherwise it would be impossible to guarantee order, especially when the Chinese troops shall have returned to Pekin.

One drunken soldier outside the foreign settlement, they say, might cause another war.

The time which the Russians have given the Chinese to sign the Manchurian agreement expires on Tuesday, and should the agreement not be signed then Russia will break off the negotiations. The agreement practically annexes Manchuria.

Prince Ching and Li Hung Chang consulted this morning but did not decide either to sign the convention or appeal to the powers.

GRATEFUL TO AMERICA.

On behalf of China Li Hung Chang desires to express gratitude to America for her position in the matter.

The attitude of M. DeGeirs, the Russian minister, at the meeting of the foreign representatives is embarrasing and causes considerable annoyance. He refuses either to agree with the other ministers or holds apart entirely.

A committee will consider the question of China's ability as regards indemnity and the most practical methods for guaranteeing payment of indemnity to the powers. It it not thought likely, on account of Sir Robert Hart's increasing age and the gradual approach of feebleness that he will continue long in charge of the imperial customs on behalf of the powers.

AMERICANS BURIED.

The body of Captain Riley and seven enlisted men, which were buried at the American legation, were removed to the temple of agriculture this morning with military honors, General Chaffee and his entire staff accompanying the remains. The body of an American marine, which was buried at the Russian legation, will be removed on Tuesday with the same honors. The bodies will leave on board the transport Egbert for the United States about the middle of April.

The signal corps has completed all arrangements and is awaiting transportation to Manila.

THE TERMS MODIFIED.

London, March 25. — A dispatch from Pekin avers that the Russian government has consented to a number of modifications in the Manchurian convention, the principal ones being:

Kui Chow and Port Arthur shall not be annexed, but shall be leased from the Chinese government as heretofore; Russia will not insist upon there being a Russian resident at Moukden; the Chinese army will be permitted to maintain order in Manchuria prior to the completion of the Manchurian railway, which, while in course of construction, will not necessarily require the protection of Russian troops; Russia will forego her demand that mining and railway concessions in Mongolia, Turkestan and Kashgaria shall be granted to none but Russian subjects. Russia stipulates, however, that none but Chinese and Russian shall be allowed to undertake such enterprises.

In consequence of these concessions the Russian government asks for an early signature of the convention.

WILL MAKE A PROTEST.

Washington, March 25.—The state department has received from Mr. Allen, our minister at Seoul, Korea, advices confirming the cabled report of the removal of McLeavy Brown, the director of Korean customs. As this action of the emperor, undertaken at the behest of Russia, goes far to wipe out the integrity of Korea according to the estimate of the officials here, it will not be allowed to pass without a remonstrance on our part. For the officials are convinced that Russian domination of Korea would mean the extinguishment of American interests in that quarter, and these in recent years have become important.

NO ACTION TAKEN.

Yokohoma, March 25.—Replying to a question in the house of peers today the minister for foreign affairs, said Japan had not communicated with Russia in regard to the Manchurian agreement. The matter of the dismissal from office of Mr. McLeavy Brown, director general of Korean customs, announced yesterday from Seoul, is reported to have been settled.

A SOLDIERS' AFFRAY.

Tien Tsin, March 25.—In an affray last evening two members of the Welsh fusilier regiment and a member of the Victorian contingent, who were acting as policemen, were sabred and bayonetted. It is alleged that Germans were the principal culprits.

MONARCHIST PLOT EXPOSED

LEADERS ARE ARRESTED IN RIO DE JANEIRO.

Conspiracy for Overthrow of the Brazilian Republic is Frustrated.

New York, March 25.—A dispatch to the Herald from Rio de Janeiro says:

Great excitement prevails here over the arrest of Admiral Custodio Jose Mello and others on account of the revelations of a monarchist plot through the suicide of Baron De Burgal.

Extraordinary precautions are being taken by the government to prevent any outbreak. Apprehension centers about the navy. The war vessels are being closely guarded, as it is believed that the officers are not quite trustworthy. Details of the plot which Baron De Burgal gave to the authorities have been revealed. It was the purpose of those concerned, it is declared, to give the signal for the outbreak by the assassination of President Campos Salles.

During the excitement that followed the monarchist adherents in the army and navy were to take possession of the city and hold the government officers. The affairs of state were to be intrusted to a triumvirate composed of Admiral Mello, Marshal Canturia and Counsellor Lafayette Peheira.

Admiral Mello was quietly removed from this city, as it was feared that his presence would cause disturbance.

He was conveyed to Gobas island, where he is held in the custody of Admiral Proenca.

THREATEN TO STRIKE.

Youngstown, O., March 25. — The furnace employes of the Mahoning and Shenango Valley furnaces, who have recently been organized into unions, served notice on the operators today that unless a nincrease of 10 per cent in wages was granted, they would go on strike April 1. About 2,500 men are employed at the furnaces.

SHE CANED CHARLES SUMNER.

Columbia, S. C., March 25.—The widow of Preston S. Brooks, who caned Charles Sumner in the United States senate, died here last night.

DEADLY FIRE DAMP

NINE MINERS KILLED NEAR CONNELSVILLE, PA.

MEN SHOCKINGLY BURNED

SEVERAL OF THE INJURED WILL DIE.

THE ACCIDENT A MYSTERY

ACCUMULATION OF GAS IS THOUGHT STRANGE.

Connellsville, Pa., March 25.—A special composed of a box car and a fast engine brought into Connellsville today the most frightful host of groaning, blackened and unrecognizable men ever hauled into this town.

These were the victims of a terrific explosion at the Gates mines of the Eureka Fuel company in the new Klondike coal field in this (Fayette) county. The mine has been worked only a few months. It is too early to hazzard a guess at the cause which led to the accumulation of enough gas to make such a fatal explosion. This morning twenty-eight men reported for duty and went into the pit.

Of this number sixteen were caught in the awful grip of the scorching breath of the fire damp and singed and blackened. As soon after the explosion as possible a force of men was put to the rescue. A great crowd of grief stricken wives and relatives surrounded the shaft. One by one the burned men were found and sixteen were found to be dead or terribly burned. Nine still lived and these were put into a box car. A fast engine was attached and this hospital express was rushed at mile a minute speed to Connellsville. The ambulance made several fast trips and landed all the wounded men in the Cottage State hospital. Drs. F. W. White, J. W. Coll, R. S. McKee and L. P. McCormick are dressing the wounds and other doctors are summoned.

The wounded men are terrible looking objects. The black flesh is being trimmed off. Some have lost their eyes, others fingers, and it is almost certain that three or four of the wounded will die. The dead men were taken to their desolated homes. No names could be learned here, as all the injured are foreigners.

DOCTORS MEET IN REUNION

THE ALUMNI ASSOCIATION GATHERING TOMORROW.

Preliminary to Medical College Commencement—Banquet at the New Aveline.

Tuesday afternoon at 1 o'clock the alumni association of the Fort Wayne College of Medicine will hold its annual reunion at the college ampitheatre, and a large number of physicians who have gone out from this institution are expected to be present.

There are nearly 200 members in the association, and Dr. C. E. Barnett, the secretary, has received responses from a large per cent. of them. Not all will attend, however, as the membership is scattered over almost the entire United States. The program tomorrow afternoon, in addition to the routine business and the election of officers, will include reports of individual cases by the visiting physicians, with members of the society acting as consultant practitioners.

AT THE TEMPLE.

The annual commencement exercises of the college will be held at Masonic Temple Tuesday evening, and the program for this event has already been printed in The Sentinel. There are four graduates—Jesse B. Higgins, Eugene H. Ash, Francis McEvoy and John D. Mercer.

Following these exercises will come the annual banquet of the society, to be held at the New Aveline hotel.

A LIVELY SCRAP.

A young man known about town took a horse and buggy belonging to a man nemed Kaylor, living in the country, which was standing on West Columbia street this afternoon without the formality of asking the owner's permission. Mr. Kaylor, with a friend, overtook the fellow on Berry street, opposite the Arcade, and gave him a sound thrashing in the presence of a large and interested crowd. The men then loaded the fellow into the buggy and started with him for a justice's office, but were persuaded to release him before reaching one. Officer Pappert is looking for the man who stole the ride.

CHARLOTTE M. YONGE DEAD.

London, March 25—Charlotte Mary Yonge, the author, died yesterday in Winchester. She was born Aug. 11, 1823.

CALLED THE CORONER.

During the latter portion of his illness the little son of Mr. and Mrs. John Hamilton, of Wagner street, was under the care of Christian Science practitioners and physicians formerly in attendance were thus not in a position to sign a certificate setting forth the cause of death. This is required by law before a burial permit can be issued, and this afternoon Coroner Barnett was directed to make the examination necessary to establish the cause of death.

MR. BEERS MAY BE PRESIDENT

LIKELY TO HEAD BIG EASTERN TELEPHONE CONCERN.

New York Gossip Regards His Selection as Very Probable—Stockholders to Meet.

G. W. Beers has returned from New York, where he has been spending the past week looking after telephone interests in the east. W. J. Latta, president of the Telephone, Telegraph and Cable company, of America, recently tendered his resignation, and in this connection the New York Commercial says:

"In some quarters the presence here of G. W. Beers, a well known independent telephone man, is taken to mean that his selection for the place is probable."

When asked concerning the matter this morning Mr. Beers was not inclined to take the rumor seriously, and intimated that his visit to the east had nothing to do with the selection of a president for the big concern. However, a meeting of the stockholders has been called for Tuesday, and Mr. Beers' election would be no surprise to those familiar with independent telephone affairs.

ABOUT THE CITY HALL.

The council committee on streets and alleys will meet tonight instead of last Saturday, as was announced. They will consider the placing of electric wires on Barr street under ground.

City Bacteriologist Drayer has concluded to remain in his present position until the expiration of Mayor Scherer's term, but positively refuses to be a candidate for reappointment. He will go to New York for a short visit in a few days.

The election committee of the council and the city clerk are out today completing the selection and hiring of voting places for the primary election.

The Kerr Murray company is right up and doing. Last Saturday afternoon a building permit was issued to the concern to erect a brick building to cost $10,000. Another building permit was issued to Levi Griffith to remodel the Masonic Temple at a cost of $3.000.

The board of works is in session this afternoon and have again the Southwestern railway franchise under discussion. Other matters to be considered are the approval of several contractors' bonds; a petition for grading an alley between Madison and Jefferson streets and the building of sidewalks on Dearborn street.

George Crouse has been granted a permit to build a frame house to cost $600 on St. Mary's avenue.

Poundmaster Tremmel knows that spring has come. He today picked up two live dogs, three dead ones and a dead colt.

GOES TO SANDUSKY.

General Superintendent H. W. TenBroek, of the Metropolitan Insurance company, has transferred E. E. Neal, assistant superintendent, from this city to the office at Sandusky, O. A. Davis, of Muncie, gets the vacated position in the Fort Wayne office.

Mr. and Mrs. Thomas Albright, of Elm street, spent Sunday with friends in South Whitley.

A. B. Trentman has gone to New York city on business.

THE CASE CLOSED

PEACE NEGOTIATIONS WILL NOT BE REOPENED.

CHAMBERLAIN'S DECLARATION

NO POSSIBILITY OF OFFER BEING RENEWED TO BOERS.

BOERS NEAR QUEENSTOWN

BUSINESS SUSPENDED WHILE WAITING FOR FIGHT.

London, March 25.—The colonial secretary, Mr. Chamberlain, when asked in the house of commons today if it was possible to change the offer of peace terms to the Boers, said the negotiations were closed and there was no intention of reopening them.

BOERS NEAR QUEENSTOWN.

Queenstown, Cape Colony, March 25.—The town guard here has been called out, owing to reports that a force of Boers is near the town. Business has been shut down in order to allow the employes to man the trenches and forts day and night.

The Boers, who are said to be twenty miles off, are alleged to have crossed the railroad near Drummond.

MAY RAISE CORN DUTY.

Liverpool, March 25.—The Daily Post hears that the failure of the peace negotiations in South Africa is causing the chancellor of the exchequer, Sir Michael Hicks-Beach, to consider the expediency of abandoning the suggestion of a shilling registration duty on corn in favor of a two shilling direct duty.

ARE COMING OUT.

Now that nominations have been made for municipal offices in the democratic party, the republicans are coming out of their shells and looking around. It is stated on good authority that the latest as well as about the first slate reads as follows: For Mayor, Theodore F. Thieme; for city clerk, Will F. Urbahns.

ADDRESS BY MRS. M'CREA

Mrs. F. F. McCrea, president of the Indianapolis Young Men's Christian association and also of the state board of the Y. A. C. A., is a guest at the local branch, and this evening will deliver a public address in the gymnasium. A reception will follow the address in in the association parlors. Mrs. McCrea is widely known throughout the state, and is a woman of great ability. An excellent musical program will be given in connection with the reception.

LOCAL NEWS.

Hon. R. P. Barr, of Kendallville, and C. C. Simon, of Swan, are in the city today.

Mrs. Lipes Thieme has gone to Yellow Springs, Ohio, to be the guest of relatives for two weeks.

George Gale leaves this evening for Buffalo to attend the funeral of his brother-in-law, N. R. Acker, which will occur tomorrow.

The women's Bible reading at Wayne street M. E. church will be dispensed with this week, owing to the lectures by Rev. Wight.

Frank Spaulding, of Chicago, began work this morning with the Mondamin Meadows Dairy company. Mr. Spaulding is an expert ice cream mixer of eighteen years' experience. He mixed the Collins' ice cream supplied at the world's fair, and is considered one of the most expert men in his line in the world.

A telegram to Dr. C. E Barnett last evening instructed him to take the first train for Atlantic City, N. J., where Mrs. R. C. Bell was said to be seriously, though not dangerously ill. Later a message announced marked improvement in Mrs. Bell's condition, and advised the physician to defer the trip until further notification. Mrs. Bell went east some time ago in the hope of benefiting her health.

At the close of the service last evening E. Russell Sanborn gave a brief organ recital at Trinity Episcopal church. Among the numbers played by him were "Finale" in D, by Lemmeris; first movement of the fifth sonata, by Guilmant; processional march, by S. B. Whitney, and march in C, by Sole. Mr. Sanborn played with his usual masterful interpretation and the short program was greatly e

HOW A WOMAN GOT HER STRENGTH BACK.

She Took Our Vinol with Good Results.

WE WANT EVERY ONE TO KNOW ABOUT IT.

READ WHAT WE HAVE TO SAY. COME AND SEE US.

We don't want any one in this city to drag themselves through life in pain and misery for the want of enough strength to feel well and happy.

If you feel listless, without ambition and run down, it is a bad sign.

You are running grave chances. You are in a condition to be attacked by most any disease.

This feeling of debility is a symptom that your system is generally demoralized. You should take a tonic.

You should take Vinol, which we know and will guarantee will restore your strength.

Following is one case where it did this. Mrs. T. H. Boyle, of 56 Chestnut St., West Newton, Mass., says:

"Last spring I used one bottle of Vinol. At that time I was all run down and sick. I find that it did me lots of good, and by its use my strength came back to me."

Vinol is a delicious preparation, containing the active curative principles that are found in cod-liver oil, dissolved in a delicate table wine.

Vinol acts directly on the stomach, aiding digestion and at the same time creating a healthy appetite. It gives strength and vigor to every organ of the body.

We endorse Vinol, and guarantee its action, and will gladly refund to any one who is not satisfied the money which they paid for it.

CASHIER JOHNSON'S SHORTAGE IS ENORMOUS.

Report of Comptroller on the Niles Bank Failure—Johnson's Friend Suicides.

Washington, March 25—Mr. Dawes, the comptroller of the currency, has received a report from the receiver in charge on the condition of the failed First National bank of Niles, Mich.

The report will not be made public at present, but it is stated that the indications are that the defalcation of the cashier will amount to about $195,000.

The comptroller of the currency today decided to assess the stockholders of the bank 100 per cent. of their holdings.

CAUSED A SUICIDE.

Niles, Mich., March 25.—W. J. Gilbert, former mayor of this town, reputed to be wealthy and one of the best known and most respected residents of Berrien county, was found dead yesterday in a storehouse in the rear of his residence, where he had ended his life with a bullet.

Grief over the downfall of a bosom friend is believed to have caused the suicide. Warm personal relations existed between Mr. Gilbert and Charles A. Johnson, cashier of the First National bank, who fled a few hours before the failure of that institution, and who was brought back under arrest from Ohio a few days ago, charged with wrecking the bank.

Mr. Gilbert was Johnson's legal adviser and trusted him unreservedly. The two were much together and their regard for each other was a matter of common knowledge among their associates. They were engaged in many enterprises together and both for nearly thirty years had taken a leading part, commercially and politically, in the development of the town.

How far Mr. Gilbert's business affairs were affected by Johnson's operations and the collapse of the First National bank only a full investigation of that institution's condition can disclose. Mr. Gilbert, aside from his own possessions, held many estates in trust, acted as guardian in several instances, and acted as loan agent for considerable eastern capital. He did much business through Johnson's bank and it is thought was a large loser through the failure.

Mr. Gilbert had been missing since Friday morning, when after breakfast he started toward town. Everything was found in perfect order in his law office, but unfinished business and the unlocked safe showed that he had been there Friday morning.

NEW CONGREGATIONAL CHURCH

Rev. J. Webster Bailey, pastor of Plymouth Congregational church, and Rev. D. T. Williams, of the South Congregational church, will go to South Bend tomorrow to assist in instituting a Congregational church in that city. It is the first church of that denomination in South Bend, and has a voting membership of about forty. The State Association of Congregational Ministers and laymen will attend the ceremonies.

KILLED WIFE, THEN SELF.

Chicago, March 25.—Charles Lattimer entered his wife's millinery store today in Sixty-third street, walked up behind Mrs. Lattimer, who was examining a hat preparatory to delivering it to a customer, and shot her to death. Lattimer then placed the weapon to his own head and fired, inflicting a fatal wound. No reason is known for the tragedy.

A TRIO OF NEW SOLDIERS.

The latest recruits from the Fort Wayne office for the regular army are William H. Gibson and James E. Miller, of Monroeville, and Edward E. Moorhouse, of Albion, who left Saturday to join the Twenty-third infantry.

DR. DUEMLING WILL RETURN

Dr. Herman A. Duemling, late of this city, who removed to Milwaukee about a year ago, has decided to return to Fort Wayne and will remove here some time in May and will resume his practice. Dr. Duemling is very well known here, and was president of the medical society the year previous to his removal to Milwaukee.

TRAIN SNOWED IN.

Chicago, March 25.—A special from Omaha, Neb., says: Horace G. Burt, president of the Union Pacific railway and other officials, are in a train stalled in a snow bank near Ogallala. They were caught in the blizzard which is raging in western Nebraska and Colorado.

THE SUNDAY GRIST ABSENT

ONLY ORDINARY CASES WERE IN POLICE COURT.

Mayor's Ten-Dollar Habit Lapses for Want of Raw Material—The News of the Police.

That ten dollar limit game that the mayor plays each Monday morning seems to have had a deterrent effect on the Sunday drunks. There was not one slated at police court this morning, although there were a few Saturday night victims. Jacob Oppenheimer, who has been a regular visitor at police court for about thirty years, made his semi-occasional bow again this morning. Jacob had accumulated a plain, every-day drunk without any trimmings and he was sent over for eleven days.

John Smith, which is not his name, deposited $11 on Saturday for indulging in too much hilarity. He forfeited this morning.

Annie Hagerty looked a trifle the worse for wear and admitted that she had a glorious sosh. She said that all that she wanted was an opportunity to leave town. The mayor told her if she could make Monroeville in an hour she could make a try for it. When last seen she and her little old satchel were making a bee line down Barr street.

Superintendent Gorsline has received a letter making inquiry for the heirs of Arthur M. Bixby. He says he has valuable information for them if there are any in this vicinity.

The board of safety will meet tonight, when Firemen Lauer and Haiber will be on the carpet for the second time within a few months. There has been ill feeling between the two men for some time and recently they were reprimanded, and it was then thought that they would be separated and assigned to different houses. Their trouble culminated in another mixup a few days ago and the matter will be investigated tonight.

Superintendent Gorsline on Saturday received a letter from Warden Barnard, of the Michigan City penitentiary, thanking him for the record of William Morton, sent him, and saying that he liked the way the Fort Wayne officers go after that kind of fellows.

Several weeks ago the local police were notified that L. M. Besinger's tailoring establishment at Huntington had been broken into and about $1,200 worth of goods was carted away; everything was swiped except the paper on the wall. Since then Besinger has gone into bankruptcy, has left the town for parts unknown and has deserted his wife, who says that he is a professional swindler; that he committed forgery some years ago and that he committed the robbery himself. Besinger is evidently of the genius lulu.

Sam F. Swayne, of West Berry street, this morning reported to the police that some time during the night his stable had been entered and his horse and carriage stolen. The horse was taken without a halter, which leads Mr. Swayne to believe that perhaps the rig was taken by someone for a ride and that it would be abandoned somewhere. The animal is a black mare about six years old and the vehicle is a two-seated carriage. The sheriff has also been notified and the officers of both city and county departments are investigating.

The two little sons of George Jaap and Joseph Yobst, who were reported missing last Friday night, turned up on Saturday afternoon. They had armed themselves with wooden daggers and were en route to the far west to devastade a few bad Indian settlements. After sleeping in a barn on Friday night and getting as far as Huntertown the next day they concluded that slaughtering Indians is a bad business and returned home.

Humane Officer Schlaudroff is in receipt of a letter from James McDonald, of Volney, Mich., making inquiry about his mother, Mrs. Catherine McDonald, who came in from the country a week ago and insisted on stopping with a strange family at No. 337 West Main street. He said that if his mother can be persuaded to come to him he will provide comfortably for her. Mrs. McDonald, in the meantime had been sent to Volney on the same day that the letter was written and since then nothing has been heard from her.

TO BE HELD IN FORT WAYNE

CONVENTION OF CATHOLIC BENEVOLENT LEAGUE.

May 14 Is the Date—Representatives of Councils Held a Joint Meeting Sunday Afternoon.

Representatives of every Fort Wayne council of the Catholic Benevolent League of Indiana held a meeting Sunday afternoon at St. Mary's school hall and a committee of five members from each council was named to arrange a number of important matters in connection with the society.

It is designed during the early summer to run a big excursion of the order from all over the state, and either Rome City or Fort Wayne will be selected as the place of meeting on that occasion. The committee named yesterday will make the preliminary arrangements.

Another committee was instructed to adopt a badge for the Fort Wayne councils.

The supreme convention of the order will be held in this city May 14, and to arrange for this gathering a joint meeting of all the councils of the city has been called for April 9.

TURN PLATT DOWN

NEW YORK LEADER SHORN OF HIS POWER.

GOVERNOR ODELL IS UPHELD

PARTY LEADERS ASSEMBLE IN CONFERENCE.

THE EASY BOSS HAS YIELDED

THE ANCIENT CHIEFTAIN IS DISCARDED FOR NEW.

New York, March 25.—Fraught with greater political significance than any other incident that has occurred in republican councils in this state in the last twenty years was the conference held yesterday afternoon in Senator Platt's room in the Fifth avenue hotel.

The republican leaders were there from all parts of the state. They were called together by telegrams sent by the man who has been the republican dictator in New York for almost two decades. Their deliberations were of the gravest nature. Yet every man present knew before he went into the conference exactly what the result would be.

Called together for the ostensible purpose of deciding whether it would be advisable to force further police legislation during the present session of the legislature, the determination of that question was a mere incident in the day.

HUMILIATED, BUT DEFIANT.

That which is of the greatest importance is the fact that Senator Platt was practically deposed from the leadership of the republican party of New York state. His humiliation was so complete that he himself made the announcement that Gov. Benjamin Odell is master of the situation, but in making that announcement he still sounded a note of defiance. Certain forms were followed; the history of the last four weeks, so far as it relates to republican politics, was reviewed, and an attempt was made to ease the fall, so far as possible, to the veteran leader. Knowing that he had been defeated, he refused to admit that harmony prevails. He made ready for another battle to recover the laurels which have been torn from his brow.

Governor Odell was most conspicuous by his absence. It had been thought that some one would be found at yesterday's conference who would denounce the young man who has seized the reins of political power. In the fact that admiration only was expressed for Governor Odell is ample evidence that his coup d'etat is complete. He controls the legislature in both its branches and the republican organization is well within his grasp.

ABOUT THE COURT HOUSE.

The superior court is not in session this week. Judge Aiken is enjoying his vacation duck shooting.

Frances Geeting has commenced action for divorce against Astian Geeting. The complaint alleges that they were married in December, 1899, and parted on the 3rd of the following March, since which time they have not lived together; neither has the defendant contributed anything toward the support of the plaintiff.

Judge Adair, of Columbia City, is sitting today in the circuit court as special judge in the case of Bass vs. Bard.

In the circuit court this morning Henry F. Bullermann filed his final report of the estate of Frederick Bullermann, deceased, and asked to be discharged.

A. H. Bittenger, attorney for the board of children's guardians, filed a report showing what disposition had been made of various charges committed to the care of the board.

The Branstrattor will case was concluded on Saturday afternoon and later Judge O'Rourke rendered his decision, which was that the widow could take her share of the estate under the law instead of under the will. This was contrary to the contention of the heirs, who held that she should take under the will.

The commissioners will not be in session before next Wednesday.

MARRIAGE LICENSES.

Charles H. Seibert and Katie E. Monnet.

Harry E. Duly and Edith Strong.

IN JUSTICES' COURTS.

Justice France on Saturday evening performed the marriage ceremony for Charles H. Siebert and Katie E. Monnett.

The case of Nettie Davis for assault and battery will be called in France's court this afternoon. Mrs. Davis is charged with cutting chunks out of Alexander's face with a hatchet some three weeks ago.

Justices Tancey and France and Drs. Van Buskirk and Barnett will this afternoon inquire into the sanity of Joseph Brauneisen, a Bloomingdale grocery keeper.

FOUND A GAS LEAK.

About noon a large break was discovered in the gas main in the rear of Ulmer's livery stable on Main street. The gas oozed through the ground in large quantities and water standing in the alley had the appearance of boiling. A force of workmen was immediately put to work to repair the break.

MUSICIANS MEET.

Local branch No. 58, of the American Federation of Musicians, held its regular monthly meeting at the Elektron building yesterday afternoon. There was a large attendance, but little business of importance was up for consideration. It was voted not to send a delegate to the meeting of the national convention in Denver in May, and this city will be represented by proxy. A committee from the Cigarmakers' union was heard in advocacy of union made cigars and the union endorsed the sentiments expressed.

CATHEDRAL WAS DESTROYED.

Grand Rapids, Mich., March 25.—St. Andrew's Roman Catholic Cathedral was destroyed early today by fire resulting from a stroke of lightning. The loss is $50,000, with only $20,000 insurance. The large pipe organ, valued at $10,000, was utterly ruined. The spire of the church was struck by lightning about 10:30 last night, but flames were not discovered until 2:10 this morning, when they were beyond control of the firemen.

ADD A NEW ASSISTANT.

W. H. Howard, of Quincy, Ill., has been added to the staff of assistant superintendents of the Prudential Insurance company in Fort Wayne under C. W. Noble. There are now three assistants, the other gentlemen being Messrs. I. E. Kane and A. Ziebold. As soon as the offices are removed to the new quarters in the Y. M. C. A. building a fourth assistant superintendent will be added.

NEW STORE A BEAUTY.

The handsome new store of the Fort Wayne Outfitters company, in the Tri-State building, was thrown open to the public on Saturday and thousands of visitors thronged the building for a view of one of the handsomest and most elaborate stocks of furniture and house furnishings in the city. The line includes the newest and most tasty novelties in this line of trade and two entrances, one on Berry and the other on Clinton street, afford easy access for purchasers. The basement, first floor and a large gallery are utilized in the display of the extensive line, and the management states that its connection with twenty other branches in as many cities gives the best possible advantage in buying and selling at a close margin. The easy-payment plan will be a prominent feature of the new firm's business. About two thousand souvenirs were given to callers on Saturday.

A'N EASY WAY.

To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject. He says. "I am 68 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but for the past eight years I have made it a daily practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets.

"My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, peptones and diatase, and after using them a few weeks I have never ceased to thank him for his advice.

"I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong."

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way into popular favor.

All druggists sell Stuart's Dyspepsia Tablets, full sized pkgs. at 50 cents and for a weak stomach a fifty cent package will often do fifty dollars worth of good.

Young men, save your money by buying a lot on monthly payments. NO INTEREST. Call at Louis F. Curdes' Office, Rooms 3 & 4, Pixley-Long Block. 22tf

What the czar needs is a bomb-proof that will also answer the purpose of a cyclone cellar.

The DeBeers mining company is to advance the price of diamonds 30 per cent. Thus do the great corporations grind the heel of their power into the vitals of the common people.

These soft and dreamy spring days serve to remind the strenuous bleacherites that the Interstate baseball situation is still a shapeless mass. The horde of the disconsolate grows as the gladsome Maytime comes apace.

Emperor William II. laments and also rages some that his august person and imperial majesty do not command the respect that was accorded his great father, William I. It has for a long time been plain that there is too much "I" in the throne-room of the palace

The difficulty of settling the terms of the Chinese settlement does not rest on the Mongolian government. China will have to submit to all the powers impose whenever the powers agree what that is to be. The confusion springs altogether from want of understanding as to whose heel is actually to be planted on China's neck.

Edward VII., of Great Britain and Ireland, in making a case against the dignified but democratic frock coat at court receptions declared "this is not a republic." Just so. And the presence of Edward and the absence of the frock coat are about the only evidences to prove it. Gold lace and court swords can do little to minimize the real democracy of Great Britain. The roots of the oak at Runnymeade have sprung deep and its branches spread broad over the land.

A police judge in Toledo has decided that drunkenness is a disease and not a crime, nor even a misdemeanor. Prisoners charged with that offense hereafter appearing before him, he announces, will be discharged and the costs remitted. Doubtless here is a Daniel come to judgment, though it is pretty generally accepted that alcoholism is a disease. But there is wanting in this judge's attitude both the high judgment of a Daniel and the penetrating wisdom of a Solomon. The admission of disease is accompanied by obligation to attempt a cure. Liberty to promote and nurture disease is not a very striking remedy for the ailment. It has now and then been found salutary to place the victim of the jag malady in quarantine for thirty days or so.

No Ohio man was ever known to dodge a chance to appear in public or get his name in the papers. The Ohio women appear to be more modest. Governor Nash has been trying to find a prominent Ohio woman to break the traditional bottle of champagne over the prow of the battleship Ohio when the ceremony of launching comes off, and with such ill success as to suggest the possibility that conscription may have to be resorted to. Miss Hanna has declined the honor, likewise Grace McKinley and Senator Foraker's daughters, and now all the daughters of Ohio are preparing to decline because they weren't asked in the first place. The perplexity of the Ohio governor is doubtless very great, but if worst comes to worst, rather than permit the Ohio to be launched without a name, he might do the christening act himself. The law requiring this act to be performed by a woman is an unwritten one. The outside world cannot help wondering, however, why the Ohio women should offer such a striking contrast to the men in their unwillingness to perform a public duty.

A TRIBUTE TO FORT WAYNE.

The official report of the fifteenth annual encampment of the Union Veteran Legion, held in this city last September, has just been issued and copies of the same have been received here. The report is a neat pamphlet of about a hundred pages and the general report pays Fort Wayne a high compliment and closes with the following words:

"The citizens vied with each other in making all feel at home, and every courtesy possible was extended the comrades. The city belonged to them for the time being, and the comrades, appreciating this, took no advantage of the kindness shown them, and all regretted leaving when the time came to say good-bye.

"Never in the history of the organization was there a more enjoyable or pleasing time than the hours spent at Fort Wayne of the week beginning September 10, 1900. The comrades will ever remember and praise the good people of Fort Wayne and the members of Encampment No. 51, Union Veteran Legion, for the generous greeting and kind treatment they received while among this patriotic and generous people.

"To his honor, Mayor Scherer, and Gen. H. C. Zollinger we are greatly indebted for many personal kindnesses. Comrade Zollinger was the active spirit in planning and executing for our enjoyment, and in his labor of love he never tired or grew weary. Thanks to all who were in any way instrumental in making our stay at Fort Wayne, Indiana, so very pleasant."

MRS. NATION PROTESTED.

St. Louis, Mo., March 25.—Mrs. Carrie Nation, of Kansas, passed through this city today. She stopped long enough to visit a liquor establishment on Market street bearing her name. Mrs. Nation, followed by a crowd, called the proprietor to task for daring to name his establishment after her. The saloon man said he "belonged to the nation as did his customers" and he meant to retain the name. Mrs. Nation was compelled to continue her journey without making any change in the nomenclature of the saloon.

PREPARED FOR PRIMARIES

DEMOCRATIC CITY COMMITTEE MEETS.

Important Business Transacted Saturday Night—Places for Holding Primaries.

At the meeting of the city democratic committee at the city hall on Saturday night, there was a full attendance and considerable business was transacted. Henry B. Monning announced that he had withdrawn from the race for city clerk but would be found with his shoulder to the wheel fighting for the interests of the democratic party as heretofore. This leaves only two candidates in the field, A. M. Schmidt and Charles Dittoe. The time allowed for the announcement of candidates expired on Saturday night and according to a ruling of the committee no names not announced before the meeting will be placed on the ballots. A roll of the various candidates was called and all, with the exception of three, responded in person, and the three absentees were represented by proxies. An important ruling was made which should be remembered by all voters at the primaries. It has been the custom heretofore to leave a blank space on the ballots for the insertion of the names of councilmen. At this election, any such names inserted will not be counted and the ballot thus cast will be lost. The candidates present pledged themselves in the customary form and there was much enthusiasm. Captain E. B Smith was elected treasurer and he at once assumed the duties of his office and assessments were made on the candidates to defray the actual expenses of the primary election which will be held one week from tomorrow, the call for which was issued today. There will be two ballots, one containing the names of the candidates for mayor and city clerk and the other the names of the candidates for councilmen in the various wards. Opposite each name will be a little square and a cross in the square will signify the candidate for whom the elector wishes his vote counted

RIOT AMONG THE NIHILISTS

RUSSIANS IN NEW YORK HAVE A WILD TIME.

Meeting to Raise Money for the St. Petersburg Brethren Ends in a Fierce Fight.

New York, March 25.—A meeting of Russians held last night at a hall on Henry street to form plans for aiding the nihilists in St. Petersburg broke up in wild disorder after a free fight, in which at least half the audience joined.

The hall was filled to the doors, but everything passed off smoothly until a committee was appointed to call a mass meeting to raise funds for the nihilists.

Just after the committee had been named some one shouted, "Down with the spies," "Throw them out," "Kill the spies," chorused a dozen others. A man near the door struck a man near him in the face with his fist. His victim retaliated and this seemed to be the signal for a general scrimmage.

With wild shouts and yells in various languages, people in the audience began an onslaught on others for no apparent reason. Some fought with chairs and others with their fists, and the din could have been heard a block away.

For ten minutes pandemonium reigned. Non-combatants, of whom there were only a few, stood on seats until they were jostled down. "Out with the spies" shouted a voice, and three or four people were promptly thrown down stairs.

One or two others shouted "Police" and announced that they were going for policemen.

This quieted the people, the fight stopped and a stampede from the hall followed.

Though many were bleeding about the face none was seriously hurt, and there were no arrests.

DIED OF EXHAUSTION.

New York, March 25.—Charles Friedman, a tailor, who in an insane fit on Monday last killed his two children, one three years and the other sixteen months old, at their home in Brooklyn, by strangling one and beating out the brains of the other, died in jail today. Death was due to exhaustion. The man had not slept since the death of his children

Mrs. H. G. Granger will entertain the Enblish club on Saturday. "Noted American Women of the Eighteenth Century" is the subject to be discussed.

MORE QUIET IN MARSEILLES.

Marseilles, March 25.—The strike situation has undergone little change. There have been no further disorders, more street cars are running today, protected by police, the strikers are quietly trying to influence workers to join them, and many factories are closed owing to want of engineers.

Feeling Nervous

That's the way it begins. Little things disturb you. You are irritable, restless and worry over trifles. Your heart jumps and palpitates at every sudden noise, you can't concentrate your mind on your work, your memory fails and you do not sleep well at night. In the morning you feel weak and exhausted, with no appetite for food and no ambition for exertion of any kind. Nervous prostration has no terrors for those who use

"For a number of years I was troubled with nervousness and dizziness. My brain was confused and I had a dull pain in the back of my head. Several doctors failed to help me and then I began taking Dr. Miles' Nervine. It braced me up from the very start and I was soon feeling well. Whenever I feel a little off now, one or two doses put me right again." W. W. TROWBRIDGE, Delta, Ohio.

YOUNG LAD ARRESTED.

Deputy Sheriff Ryan this morning arrested Charles Farra, a 13-year-old lad, for stealing $5 from Lester Sarascin a week ago The little culprit was taken before Justice Butlerman, where he confessed to theft and was bound over to the circuit court in the sum of $100 and was remanded to jail. Farra is a rough young lad and has been in jail for similar offenses twice before. His father, who works at Diether's lumber yard, settled his previous cases, but refuses to come to the rescue again. The lad went to the home of his uncle, Julian Farra, in Perry township, and assisted about the farm. Lester Sarascin was the hired man and last Monday young Farra stole the money out of his trousers pocket and at once came to town. He had a good time with the money and had spent all of it but 50 cents. He will be taken before Judge O'Rourke this afternoon and an effort will be made to send him to the reform school, as he is supposed to be incorrigible.

NAMED BY THE PRESIDENT.

Washington, March 25.—The president has appointed ex-Representative W. A. Rodenburg, of Illinois, a member of the civil service commission to succeed the late Mark S. Brewer, and F. J. Allen, of Auburn, N. Y., commissioner of patents, to succeed Commissioner Duell, resigned. The selection of Rodenburg removes one of the factors which has delayed the appointment of the St. Louis exposition commissioners. Mr. Rodenburg's friends pressed him persistently for one of these places. It is generally believed that Mr. Rodenburg's candidacy clashed directly with that of Porf. Northrup of Minnesota. The announcement of the commission is now expected within a few days.

ABOUT BASE BALL.

Tomorrow is when the big trick will come off in base ball circles in the Interstate league. The league will meet in this city for the first time in its history and will be called to order at the Wayne club at 2 o'clock. President Meyer has received letters and telegrams from nearly all the cities interested and it is expected that delegates will be here from Toledo, Columbus, Mansfield, Dayton, Wheeling, Indianapolis, Louisville, Grand Rapids, Anderson and Marion. These with Fort Wayne will make ten cities which is just two more than the league can accommodate. Who will be bounced is the question which is now agitating the magnates and it is the knottiest problem they have been called to face this year, or any other year for that matter. Wheeling is stuck away off to one side and there is a disposition to give that city the go-by but Mr. Armour of Dayton, who is as big a frog as any in the puddle says "no" and he is ready to fight. Marion and Anderson have made investments and they propose to stand pat on their proposition and Grand Rapids organized yesterday afternoon and is in the swim with both feet. But there is your uncle Mr. Watkins, of Indianapolis, who lays back smiling and says he owns everything in the Interstate worth picking up and he proposes to do a job lot of dictating and there is a feeling that what he says may have to go. There is a rumor in Indianapolis that while Watkins has a prior right, he forfeited that when he failed to show up at Columbus at a regularly called meeting of the league over a week ago. At this writing the whole matter is in a bad state of mixup and no one can tell what the result of tomorrow's meeting will be.

Now down at Columbus there does not appear to be a unanimity of feeling and things are still in a chaotic state, notwithstanding the favorable reports sent out from there. The Columbus Dispatch of yesterday puts the situation plainly and gives the slow coaches a bumpin the neck while urging them to get a hustle on themselves. It says:

"The organization of a baseball company in this city must be brought to a successful issue within the next 48 hours. There will be a meeting of the Interstate league at Fort Wayne next Tuesday afternoon to make the final disposition of the circuit, and admit Indianapolis, if such a thing is found to be possible. If Columbus is not represented at that meeting by someone who can show that the stock company in this city is a realty, the only thing for the magnates to do will be to drop Columbus and give Indianapolis the vacant berth. The other Interstate league clubs do not want to take this action for they are very anxious to have Columbus included in the circuit. If Columbus comes to the scratch, they will be satisfied and will make some other arrangement whereby Indianapolis can be admitted. There will be a meeting of the stockholders of the Columbus Baseball company at the Board of Trade building on Monday night at 8 o'clock. Everyone who has subscribed for stock is earnestly requested to be present at this meeting for the company will be organized and directors elected. If there are any parties who are willing to take some stock but who have not yet subscribed for same they will be welcomed at the meeting Monday night and can make their subscriptions at that time. No one who is willing to take a share of stock rather than see the present effort to have a team here this summer fail, should stay away from this meeting for he will certainly be badly needed. The project has been at a standstill for the past several days and in spite of every energy put forth, there are st ill about 25 shares of stock to be provided for. It is quite possible that a few of those who have subscribed for one share can be induced to take two rather than see the matter fail, but a sufficient number of this class cannot be depended upon to insure the sale of the full 100 shares."

***

Youngman, who owns an interest in the Dayton Inter-State team and franchise, has been offered the management of the Spokane team and will doubtless accept the position. Armour can manage the Soldiers in first-class shape and the position will give both of these well-known ball men profitable employment.

***

Heidrick and Wallace, of Comisky's Chicago American league team, have jumped from that aggregation, and Comiskey says, "Although I have a strong contract with Heidrick, I would never allow him to play ball on my club again. I have no use for players who will sign two contracts." Comiskey's accession of virtue is sudden, for he has much use for several ex-National league players who are members of his team, and who have signed other contracts.

NOTES.

The Toledo Times has a column article in Saturday's issue and Strobel's name was not mentioned once and it was not even hinted that he is the whole thing. There is still some hope for Toledo.

***

While the affairs of the league are muddled the local management is going right along making dates and doing business. This morning Secretary Hubbard closed a contract for games with the Royal Tiger Giants of Chicago on April 16, 17 and 18. The Tigers in former years were known as the Cuban Giants, Page Fence Giants, Columbia Giants, etc. On the 19th, 20th and 21st the Buffalo club will cross bats with the locals.

***

Old Joe Hornung and M. J. McLaughlin have been signed as umpires for the Interstate league by President Meyer. McNierny and the erratic Johnson will not be seen in Fort Wayne this season.

***

F. C. Bancroft, manager of the Cincinnati national league team, writes to congratulate President Meyer on his election and adds that the Interstate is a good, strong organization and will make them all step some this year. Mr. Bancroft has evidently not slept with Mr. Watkins lately.

***

Wheeling, March 25.—The Wheeling Base Ball association was organized under a charter which arrived yesterday. The capital stock of $10,000 is paid up, and Henry Youngman, of Homestead, Pa., who has been associated with Mr. Armour in the management of the Dayton team, was elected manager. Mr. Youngman will sign a team at once. Wheeling expects to remain in the Interstate, guaranteeing Sunday games, and will stubbornly fight any effort to be ousted for Indianapolis or Louisville.

LOCAL LINES.

Rev. M. C. Cooper occupied the Berry Street M. E. church pulpit last evening in the absence of Rev. H. J. Norris.

Miss Martha Ruf has returned from Heidelberg university at Tiffin, Ohio, and will take a teacher's examination this week.

Herman Siemon celebrated his fortieth birthday anniversary Friday night by entertaining a party of gentlemen at a "stag" party.

Devotees of golf were out in force at Swinney park and at Hamilton's links on Saturday afternoon and the first games of the season were played.

Miss Minnie Rosener, formerly in the employe of Mrs. Roe, milliner, has taken a position with Mrs. Florence Reynolds, 26 E. Wayne street.

The annual opening of the Randall Wheel company will be held next Saturday and the store is being handsomely decorated for the event.

Anton Kohlmeier, a wealthy retired farmer of Washington township, left Saturday evening for California, where he will reside permanently.

Rev. J. Webster Bailey is the author of a very interesting story entitled, "The Gate Beautiful." Mr Bailey will read the story at the morning service at Plymouth church Easter Sunday in place of the regular sermon.

Mr. and Mrs. W. H. Braithwait, of Huntington, have returned home after a week's visit with Mr. Braithwait's parents in this city. They were accompanied home by Miss Carrie Braithwait and Mrs. Ed Pillers, of Arcola, who will remain a week.

Mrs. G. F. Trier will hold her annual penny fair at the rooms of the Mulqueen Dancing academy on Thursday, Friday and Saturday of the present week. Six handsome booths will be constructed, and the enjoyable character of these affairs is sure to attract a large attendance.

E. Russell Sanborn, organist at Trinity Episcopal church, has received a most flattering offer from Trinity Episcopal church at Portland, Ore., to take charge of the organ and choir of that church Mr. Sanborn has not yet definitely accepted the offer of the local church and has taken the other offer under advisement.

Dr. Worch returned Saturday from a business trip through the northern part of the state in the interest of the coal company which he represents. He says he is out of politics for the present and has no ambition to be a police commissioner. The position, he thinks, will be filled with woe and he finds that he can get all the trouble he wants without looking for it.

THE DEATHS.

HAMILTON.

Charles Hamilton, the lovable little son of Mr. and Mrs. John Hamilton, of 88 Wagner street, died at 2 o'clock Sunday afternoon from heart trouble and dropsy, at the age of five years.

Funeral services will be held from the residence Wednesday afternoon at 2 o'clock, Rev. Lake officiating.

DECISION PUT OFF

SUPREME COURT POSTPONES PORTO RICAN CASE.

ADJOURNS UNTIL APRIL 8

IMPORTANT WATERWORKS DECISION MADE.

AFFECTS ILLINOIS TOWNS

OTHER CASES DECIDED BY THE COURT.

Washington, D. C., March 25.—The United States supreme court today adjourned for two weeks, until April 8, without handing down a decision in the Porto Rican case. Several decisions of importance were rendered.

Opinions were handed down in several cases involving the construction of the state law of Illinois authorizing cities and villages to contract for water and waterworks. The cases decided affect the water systems of Freeport, Danville and Rogers Park in that state.

The water companies in each case contended that the law of 1872 and other subsequent acts authorizing town and city authorities to contract for a water supply for thirty years included the right to fix rates for that time and that the rate once fixed could not be changed. They argued that ordinances fixing rates were in the nature of contracts for the term of 30 years. In the case of the Freeport company the rate of $75 for each fire hydrant was first fixed by ordinance but it was reduced by a subsequent ordinance to $50. The water company attacked the validity of this ordinance and took the case into the state courts.

The Illinois supreme court decided against the company, holding the ordinance reducing the price of water to be valid. Today's opinion sustained the finding of the state court.

Justice McKenna in handing down the opinion said the state statutes were ambigious but that it had been thought advisable to decide that ambiguity in the interest of the public.

A dissenting opinion was handed down by Justice White on the ground that the first ordinance was a contract. In this dissenting opinion Justices Brewer, Brown and White concurred. The opinions in all the other cases were on similar lines.

They reversed the decision of the supreme court of the District of Columbia in the case of Throckmorton vs. Holt, involving the will of the late Judge Advocate Holt. The district court threw the will out. It will now be necessary to re-try the case.

The court denied the application of Alexander McKenzie for leave to file a petition for a writ of habeas corpus releasing him from imprisonment in California under the proceeding of the circuit court of appeals for contempt in connection with conduct as receiver of certain mines in Alaska.

The decision of the court was based upon the ground that a habeas corpus proceeding cannot be made the basis of a proceeding in error. The opinion was handed down by the chief justice.

ACTION POSTPONED.

The consideration of the franchise for the Fort Wayne and Southwestern Railway company by the board of works, before that body this afternoon, has been postponed until April 22, four weeks from today. This was done to enable the board and the attorneys for the railway to look up the law regarding franchises granted to railway companies, which was recently revised by the state legislature.

In course of the discussion of the matter J. K. McCracken of the board, said he knew positively that negotiations were in progress looking to the transfer of the Fort Wayne Traction company's street railway system and that it would be consummated or abandoned by the 22d of April, and that in view of such fact he opposed action now

If a transfer were made, he said, the new owners would make needed extensions and other improvements and if this were done he would rather have one street railway system than two in Fort Wayne. Mr. Doughman, attorney for the Southwestern, rather scouted the information, but Mr. McCracken warmly protested and maintained that he knew what he was talking about.

CELERY KING NATURE'S CURE

Headache for Forty Years.

For forty years I suffered from sick headache. A year ago I began using Celery King. The result was gratifying and surprising, my headaches leaving at once. The headaches used to return every seventh day, but, thanks to Celery King, I have had but one headache in the last eleven months. I know that what cured me will help others.—Mrs. John D. BULLET LODGES IN HIS LEG

LOUIS JOLLY, OF MAPLES, ACCIDENTLY WOUNDED.

He was Loading a Revolver and the Weapon Discharged — Brought to the City.

Louis Jolly is at St. Joseph hospital with a bullet which cannot be extracted at present, lodged in his right leg. The wound, while it is a most painful one, is not necessarily serious unless blood poisoning should ensue, and every precaution to prevent septic poisoning has been taken.

Early this morning, young Jolly, who resides near the village of Maples, was loading an old revolver, and in some manner which cannot be explained, the trigger caught, and the weapon was discharged, the bullet, a 32-calibre, entering his right leg a short distance below the knee, and lodging near the bone.

A handkerchief was knotted around the wound to stop the excessive flow of blood and the young man was conveyed to St. Joseph hospital, this city, as rapidly as possible. Dr. W. H. Meyers was summoned, and with Dr. Mercer, of the hospital an effort was made to extract the bullet. Owng to the condition of young Jolly who had been greatly weakened by the fatiguing ride to the city, it was decided to postpone the operation until tomorrow. Joly is about twenty years of age, a healthy, robust young fellow, and there is little danger of serious consequences.

GUARANTEE WAS NOT GOOD.

"I see," he remarked, as he entered a Farnam street drug store, "that you have a cough medicine for sale here which you guarantee to cure any case of throat trouble ever contracted."

"Yes, sir," said the clerk, "and only twenty-five cents per bottle."

"Yes. What kind of a guarantee's back of the medicine?"

"Our own, for one; the manufacturer's, for another."

"Yes. What's the guarantee?"

"We will refund your money if the medicine does not do what it should. How much do you want?"

"Not so fast, young man—not quite so fast. S'posin' this here store goes broke before I use up the medicine—where I do get in? Now, if you'll let me take a bottle of it and it cures me, I'll come back and pay for it—does that go?"

"It does not."

"Maybe you'd be willing to deposit the money in a bank, where it could be had if the stuff doesn't do its duty—eh?"

"We would not."

"Well, then, you can go to thunder. I've read of these here bunko games before, but I never bumped into one. Maybe you kin skin the city folks, young man, but your uncle has had his whiskers cut several times. Good day."

MISSION FOR MEN THIS WEEK

NOTABLE SERIES OF SERVICES AT THE CATHEDRAL.

Eloquent Jesuit Fathers Have Addressed Many Thousands of Fort Wayne People.

There was not a vacant seat in the Cathedral Sunday evening when Father Shyne, the eloquent Jesuit missionary, began the opening service of the mission for men which is to continue during the present week, and the full seating capacity of the immense building, supplemented by hundreds of chairs placed in every available space was occupied by devoutly interested hearers.

Father Shyne's theme was the "Importance of Salvation," and in part he said: "In every man's heart there should be engraved 'the salvation of my immortal soul is my sovereign law.' All other affairs require only particular times or circumstances; this is the great affair of all times, of all actions, of all places, at home and abroad, in town and in country, in solitude and in company, in church, in the market, in the field, or in the camp. To save our souls, we have been created; if we lost them the loss is utterly irretrievable. If you lose your soul you lose everything. All other losses leave some comfort, some hope, but this loss leaves nothing but black despair and that forever.

"Could a man from some point in the heavens behold the whole world at once and what all men are employed in; and did God discover to him all that passes now in their souls, he would doubtless see a wonderful multitude and variety of thoughts and desires, but nearly all tending to the perishable goods of this life. He would see some eagerly pursuing honors and empire as this great nation of ours is today, others seeking riches, others taken up with pastimes and pleasures, many employed in building, trading, tilling the ground; others again transported with the passions of anger, hatred, jealousy, guilty love—all like little children, busied earnestly with baubles. And how few, how very few, are thinking of the one thing for which they have come into the world, the salvation of their immortal souls!

"God desires all men to be saved. The church, against which the gates of hell shall not prevail, the church which Christ founded and promised to guard from error in matters of faith and morals, proposes to you what you must believe to be saved, what you must do to be saved, and she gives you the God-given helps and means to believe and to do."

THE DAILY SERVICES.

The mission for men will continue during the entire week. Beginning at 5.15 each morning there will be mass and a brief sermon, the services being completed by 6 o'clock. At 8 o'clock the second mass and sermon will be given, while at 7 o'clock p. m. there is a class of instruction for both Catholics and non-Catholics. Each evening the regular services begin at 7:30 o'clock.

The mission for women, held during the past week, was in many respects the most remarkable ever held in the city, for it was attended by immense congregations from the opening service, and the interest deepened with each day. The last service was held Sunday afternoon at 5 o'clock, Father Mulconry closing the mission with a sermon and the papal blessing. As on several previous instances during the week, the Cathedral was too small to accommodate all who desired to attend and many were unable to gain admittance.

GETS BACK TO FIRST GRADE

MARVIN KUHNS WRITES FROM COLUMBUS PRISON.

Famous Convict Says His Health Is Good and That He Is "the Same Old Sweetness."

From his cell in the Columbus penitentiary Marvin Kuhns writes the following letter to the Albion Democrat:

"As no doubt quite a number of your readers are unable to understand my long silence, I crave your indulgence for a few lines in explanation.

"According to the established rules of this institution prisoners are divided into four classes or grades. First grade prisoners are allowed numerous privileges and are also allowed to write two letters each month to their friends on the outside. Second grade prisoners are only permitted to write one letter a month. Third and fourth grade prisoners are denied all privileges and are cut off from all communications with the outside world. The first and second grade prisoners wear a grey uniform; the third and fourth grades wear what is termed the stripes, the fourth being a white and black stripe about one inch wide, and run around the limbs and body like the rings on a coon's tail.

"Upon the return of an escaped prisoner he is supposed to be placed in the fourth grade for the period of six months and denied all privileges which are accorded first and second grade prisoners. In ancient times it was customary upon the return of the prodigal to kill the fatted calf and have a great jollification, but in this enlightened age it is quite different, for we believe in sacrificing the prodigal and keeping the calf for a milch cow, provided it is that kind of a critter, or as the boys here express it, 'give him h—l and shove him in it.'

"Now, my dear friends, I do not want you to conclude from the above remarks that this has been my experience since my return, for I have only explained to you what the rules are and not what has been my experience.

"True, upon my return I was supposed to be reduced to the fourth grade, but at the same time I was given to understand that any favor I seen fit to ask for would be cheerfully granted, so you see, dear friends, it was my fault and not the official's that I have not written sooner. Upon my return I was at once taken to the prison hospital, which is a large and commodious building and placed in care of three physicians and one of the best surgical nurses in the country and remained under their care until Monday, the 4th inst., and suppose I would have been there yet had I not insisted on being discharged.

"Barring the fact that my right 'lamp' was burning but dimly I was my same old sweetness and felt that it would be imposing on good nature for me to stay in the hospital any longer.

"After being discharged from the hospital I was put in the stripes and wore them until yesterday, when I was advanced to the first grade. My treatment by the officials has been most kind and courteous and while they are not as dear to my heart as the friends of my youth, still I hold them in high esteem and feel most kindly disposed towards them. Since my return I have had a great many callers, some through idle curiosity, others to offer their sympathy and assistance.

"My health is now good and am getting along swimmingly. With sentiments of true esteem and kind consideration, I remain respectfully,

THE MARKETS.

Chicago, March 25.—Wheat was dull and featureless during the first part of today's session. May opened ⅛@¼c higher at 76¼@76⅜c on higher cables and lighter world's shipments than expected. Later cables were easier and the market under this influence and liberal northwest receipts eased to 75⅝c. Local receipts were 90 cars, 3 of contract grade, while Minneapolis and Duluth reported 621 cars against 709 last week and 731 a year ago.

Corn was fairly active and strong on the unsettled weather and fair cash demand. May opened ⅛c higher at 41¾c to 41⅞c and sold early to 42c. July was in good demand at ⅛@¼c over May. Receipts were 289 cars, 39 of contract grade.

Oats were dull. May opened unchanged at 25⅝c and held steady. Receipts were 314 cars.

Provisions opened easier on heavy hog receipts, but rallied on buying by packers. May pork opened 5c lower at $15.35 and advanced to $15.75. May lard 2½c down at $7.85 and rose to $7.92½, and May ribs unchanged at $7.85, rallying to $7.95.

THE DAY ON WALL STREET

New York, March 25.—The demand for stocks was very large and varied at the opening. Prices of Americans had advanced in London before the opening here and the international stocks all felt the benefit, a number of them rising a point. Ten thousand shares of Ontario and Western sold at 34½ to 34¾, compared with 33⅞ on Saturday afternoon, and 5,000 shares of Texas and Pacific sold at 34½ to 35½, compared with 33⅝ on Saturday. The Gould stocks were all strong, including Western Union. New York, Chicago and St Louis jumped 3½. Among the specialties Amalgamated Copper rose 1⅞ and North American 1½. Sugar was the only conspicuous stock to show heaviness, running off a large fraction.

Room traders who purchased stocks Saturday on the favorable bank statement promptly took profits on the advance this morning and the opening strength was soon dissipated with the free feeding of the large new demand.

Special pressure against Sugar and the New York public utilities increased the downward tendency and many leading stocks fell from 1 to 2 points. Before the general selling became pronounced there were important advances in some cases. American Express rose 4 points, United States Express 1½, Lake Erie and Western 2¼ and New York, Chicago and St. Louis preferred 3 points. There were other advances of 1 to 1½ in minor stocks. Prices of many prominent stocks fell below Saturday's and only those stocks which had wide opening gains had any advantage remaining. The activity of the trading was undiminished and there were some rallies before 11 o'clock.

Large buying of special stocks which are not usually prominent exercised a sustaining force elsewhere, and the reaction was checked.

Cleveland, Columbus, Cincinnati and St. Louis was the leading feature, rising 3¾ to 81¾. Some of the Vanderbilts and industrials rose 1@3¼. Local stocks were helped by a 4 point rise in Consolidated Gas and St. Paul's rise to 150¾ ex-dividend benefited the Grangers and Pacifics. Prices did not recover to the opening average of recognized leading stocks. Declines of 1 to 1½ in the Smelting stocks and Tennessee Coal halted the advance.

Bonds were fairly active and irregular.

THE MONEY MARKET.

New York, March 25.—Money on call steady at 2½ per cent; prime mercantile paper, 3½@4¼ per cent; sterling exchange firm with actual business in bankers' bills at $4.88@4.88¼ for demand and at $4.84½@4.84¾ for 60 days; posted rates, $4.85½ and $4.89; commercial bills, $4.83¾@4.84¼; silver certificates, 61¾@63c; bar silver, 60⅜c; Mexican dollars, 49c.

WATCHES ARE COMPASSES.

"A few days ago," said a merchant to the writer yesterday, "I met a sailor friend and while chatting with him I expressed a desire to know which was the north. He at once pulled out his watch, looked at it and pointed to the north. I asked him whether he had a compass attached to his watch.

"'All watches,' he replied, 'are compasesses.'

"Then he explained to me how this was. Point the hour hand to the sun and the south is exactly half way between the hour and the figure 12 on the watch dial. For instance, suppose that it is 8 o'clock, point the hand indicating 8 to the sun and the figure 10 on the watch is due south.

"My nautical friend was quite surprised that I did not know this. Thinking that I very possibly was ignorant about a subject that everyone else knew, and happening to meet a man who is a perfect walking encyclopedia, I asked him if he was aware of this simple mode of discerning the points of the compass. He said he had never heard of it. I presume, therefore, that the majority of people are in the same state of ignorance."—Washington Star.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S S S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system all morbid, effete matter. **A CONSTANT DRAIN UPON THE SYSTEM.** When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. R. Talbert, Lock Box 245, Winona, Miss., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S S S., and it made a complete cure. I have been a perfectly well man ever since."

SSS is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

FAST RUN RECORD

GEORGE KENSILL THE CHAMPION OF THE THROTTLE.

131 MILES IN 146 MINUTES

TRAIN A FREIGHT LOADED WITH MACHINERY.

NEWS OF THE SHOP AND RAIL

KERR MURRAY WORKS TAKES OUT A BUILDING PERMIT.

By all odds the best freight run ever made on division C of the Pittsburg, Fort Wayne and Chicago road was the the one made last Saturday afternoon, when train No. 66 covered the 131 miles between this city and Crestline in two hours and twenty-six minutes. The train was made up with four special cars, loaded with machinery weighing between 300 and 400 tons, consigned to the Carnegie company, at Pittsburg. It was in charge of Conductor J. Haley and was hauled by engine 277, with Engineer George Kensill and Fireman D. H. Monahan in the cab. In weight the tran was about equal to a train of seven passenger cars. As stated, this beats the record for fast freight trains and comes near beating the best passenger run. In the latter line Assistant Road Foreman Robert Lyons leads, having a record of two hours and twenty-three minutes, Fort Wayne to Crestline, the train being a light special bearing the late R. T. McDonald. On the special Saturday was a gentleman representing the Milwaukee establishment from whence came the machinery. Shortly after leaving the city this gentleman remarked that the eighty-five miles between Chicago and Milwaukee were covered in three hours and he expressed the opinion that that time could not be beaten on the Pittsburg road. "Oh, pshaw," said Conductor Haley, "you will think the St. Paul train was merely backing up when we get you to Crestline."

HAD A COUPLE OF RIBS BROKEN.

William N. Morton, a freight handler at the Pittsburg warehouse, was struck in the breast Saturday afternoon by a box, which fell from the top of a pile in the car which he was unloading. At first he did not think he was seriously injured, but an examination by Dr. Ruhl revealed the fact that two ribs were torn from the sternum. The accident will disable Mr. Morton for a few weeks.

A GOOD FREIGHT BUSINESS.

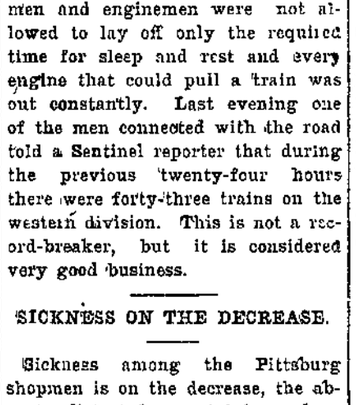
The past week was one of the busiest in the way of freight traffic the Nickel Plate has experienced since the great rush immediately following the closing of navigation last fall. In fact the company had more business than it could handle. Trainmen and enginemen were not allowed to lay off only the required time for sleep and rest and every engine that could pull a train was out constantly. Last evening one of the men connected with the road told a Sentinel reporter that during the previous twenty-four hours there were forty-three trains on the western division. This is not a record-breaker, but it is considered very good business.

SICKNESS ON THE DECREASE.

Sickness among the Pittsburg shopmen is on the decrease, the absentee lists today containing only a few names, while a number of those who had been on the sick list reported for work this morning. Included in this number are J. Richards, H. C. Strangman, John Nolan, Jerre O'Conners, W. C. Zwick and Edgar Szink. Daniel Shepherd, who had a finger mashed ten days ago, and J. H. Cody, who had been out of the city looking after some private business, also reported at the shops for work today.

AT KERR MURRAY WORKS.

Saturday a building permit was issued to the Kerr Murray Manufacturing company for the erection of a factory building to cost $10,000 upon the site of the burned shops. The work will be pushed rapidly forward when it once commences and the Kerr Murray works will soon be the busy, active establishment they were before fire destroyed the main buildings. An army of laborers and teams are at work today clearing away the debris at the old shop site. Mr. Cressler was on the grounds early, directing the work. Asked when he would resume business he answered: "Just as soon as we can get matters in shape. The moulding department could be set in operation very soon if we had the patterns, but unfortunately the patterns most needed were consumed in the fire and we must make new ones before we can do much in the moulding line." Temporary quarters for the patternmakers are being fitted up, however, and they will soon have some patterns ready for business.



COLDS

The quickest relief, for a cold, is by Scott's emulsion of cod-liver oil.

We all have colds, you can try it and see. You will find the edge taken off in a night; and, in three or four days, you'll be wondering whether that cold amounted to anything anyhow.

That's relief. If you tackle it quick, the relief is quick and complete, if you wait till the cold is in full possession of head and lung, why, of course, the relief is quick if it comes in a week.

A little emulsion won't clear and restore your whole breathing-machine in a minute; don't be looking for miracles.

We'll send you a bottle to try, if you like.

OLL & BOWNE, 409 Pearl street, New York.

MORE MEN TO RETIRE.

Dr. E. F. Wagner is in Pittsburg today conferring with the higher officials of the Pennsylvania company upon matters connected with the relief department. It is reported that twenty-five or thirty more men are to be placed upon the retired list in a short time. These men are those who have been disabled either by accident or through disease and have not yet reached the age limit, seventy years.

GETS A PATENT.

Charles Garver, of Wabash avenue, has just been granted a patent upon a new variety of steam compressor, and mechanics who have examined Mr. Garver's invention pronounce it an excellent device. One of the machines is now being built at a local machine shop. The patent was secured by Attorney W. G. Burns.

INDUSTRIAL NOTES.

John Haudenschild, Pittsburg boilermaker, is sick.

Henry Elx and Walter Marrow, of the Wabash blacksmith shop, are sick today.

H. J. Smith, a painter, has taken a position in the engine department of the Pittsburg shops.

Chief Clerk Frank Reed, of the Pittsburg motive office, is in Wellsville on railway business today.

M. S. Willson went to Peru this morning to repair some dynamo machinery in an electric light plant.

After an illness of three weeks, Nickel Plate Conductor J. M. Wells resumed his duties on the road yesterday.

Fred Bullerman, of the Erie shops, in Huntington, and his wife were the guests yesterday of relatives in this city.

Harvey Crane, superintendent of construction for the Fort Wayne Electric company, is in Pittsburg on business.

Charles A. Munson, Chicago agent for the Fort Wayne Electric company, is sick and confined to his room in that city.

William Keith, who had been off duty on account of the death of his niece, resumed work in the Pittsburg boiler shops this morning.

The American Car and Foundry company has orders for over 30,000 new freight cars, representing a total cost to the railroads of $25,000,000.

E. Mercer, a blacksmith at the Pittsburg shops, was called to St. Louis this morning by a telegram, announcing the dangerous illness of his mother.

Roads of New England have agreed to conform to requirements of the Transcontinental Passenger association in the matter of the sale of colonists' tickets.

J. T. Donahue, painter at the Pittsburg shops, fell from a scaffold Saturday afternoon and severely sprained one of his ankles. He is unable to work.

The Fort Wayne Electric company is doing a good business at present, though most of the sales of the past week were dynamos and apparatus for additions to plants.

Fred Gaskins, formerly a fireman on the Pittsburg road, has gone to New Mexico, to take a position upon a road of which his brother is the superintendent of motive power.

H. A. Smith has been appointed commissary agent of the New York Central, his jurisdiction to extend over the Boston and Albany, now controlled by the former.

Thomas Pritchard resumed his duties in the Bass machine shop this morning after a week's honeymoon. Mr. and Mrs. Pritchard will soon be at housekeeping on Fairfield avenue.

J. H. McConnell will on April 1 retire as superintendent of motive power of the Union Pacific. He has been connected with the power department of the road for thirty-three years.

The Wabash has refused to grant the request of competing lines that it advance its rates between New York and Kansas City on account of its improved service and shortening of time.

In order to take advantage of the day light the Olds Wagon works now commence work at 6:30 and quit at 5:30 o'clock. The works are very busy and a large force of workmen is employed.

Engineers Ed Wolf and Frank Maloney and Fireman J. Godfrey, of the Nickel Plate, are sick and off duty. Fireman Clinton Anderson, of the same road, is taking a much needed rest.

Omaha railroads have organized a new passenger association, including fourteen roads which practically have entrance into Omaha. The new association has asked to be recognized as a branch of the Western Passenger association.

Mrs. Durnell, wife of Engineer Chester Durnell, of the Pittsburg, has returned from Chicago, where business for the Ladies' Auxiliary of the Brotherhood of Locomotive Engineers engaged her attention for a few days.

Charles Bromelmeier, Nickel Plate engineer, has secured a ten days' leave of absence, which he will spend with friends and relatives in Cleveland, O. Fireman Charles Schuff has also gone to Ohio for a short visit with relatives.

Pittsburg Engineers F. E. Moore, Max Horning, C. A. Prince and H. Kelker and Firemen J. A. Byall and P. O'Hara are off duty on account of sickness. Fireman J. Milner is off duty on account of the very serious condition of his child.

Zac. Mead, the colored man who was recently transferred from brakeman on the Pennsylvania limited to the position of janitor at the Pittsburg depot, did not like the change and retired from the position Saturday night. Gus Rogge is again in that position.

Nickel Plate engine 89, Engineer Samuel Hooper at the throttle, had the misfortune to blow out a cylinder head at Claypool Saturday night, causing two hours' delay to the extra eastbound freight train it was pulling and less delay to one or two other trains.

Assistant Road Foreman R. J. Lyons, of the Pittsburg, is engaged in riding over the road with recently promoted engineers, giving them the benefits of his experience at the throttle. There are quite a number of new men and this task keeps Mr. Lyons very busy.

Mrs. J. W. McCoy, who has been very ill for some days, remains about in the same condition, though there were indications of a slight improvement this morning. Mr. McCoy, who had been off duty on account of the lady's condition, resumed his work this morning.

The engineers and firemen on the Grand Trunk, who have grievances, claim that Charles M. Hays, late general manager of the road, made promises to them, covering in effect what they now ask and which Mr. Reeves, his successor, says he cannot see his way to fulfill.

Christian Campe has resigned his position at the Pittsburg freight office and will return to the Coombs hardware store. He was employed for four years as night clerk at the freight office and rendered very good service. His resignation is regretted by the men employed there.

One of the reforms of the present day in railway operation is the improvement of the passenger day coach. Why more attention has not been given to this matter in the past is a surprise, as the day coach traffic constitutes a very large volume of the traffic on all lines. Even among the better class of travel it resents the appearance of being forced back into a sleeping car.

Huntington Herald: "Harry I. Young, the young man who had both legs cut off by a Wabash train some four months ago, is a member of the K. O. T. M. order and was at the time of the accident. Amos Rodman, secretary of the order, yesterday received one hundred dollars as the first installment to be paid Young on his disability claim. Mr. Young will receive one hundred dollars per annum for a period of ten years."

The news of the death of the little son of John Hamilton was received with sadness this morning at the Bass works, where the bereaved father is employed. Mr. Hamilton has been unable to work for over a week on account of the threatening condition of his son.

The New York Central now has eight trains every day to Chicago, seven to Cleveland, three to St. Louis, four to Cincinnati, two to Toronto, four to Montreal, five to Detroit, twelve to Buffalo and Niagara Falls, including the famous Empire State express, and sixteen trains between New York, Albany and Troy.

In the year 1900 4,438 miles of new railways were built in the United States. This year the mileage built seems likely to be considerably larger, probably exceeding 5,000 miles, as 200 railways are now under construction or contract, aggregating when completed 5,009 miles. These are what might be termed live projects. If those now being agitated are built it will swell the mileage to 8,200 miles.

LARGER ACREAGE IS NEEDED

TO TEST SUGAR BEET CULTURE IN ALLEN COUNTY.

Farmers Held Meeting Saturday and Talked It Over—The Company's Proposition.

Allen county farmers held a meeting Saturday afternoon at the assembly room of the court house to discuss the sugar beet question, under a proposition from the Continental Beet Sugar company, of Cleveland, which is anxious to establish a refinery in this city if Allen county farmers will take an interest in beet culture and it is demonstrated that the soil of this secton is adaptable to raising the crop.

Two hundred acres of land must be pledged to the growth of the beets as a test, and if the product shows a sufficiently encouraging percentage of sugar the Continental company is willing to establish a branch refinery here. The first crop will be purchased at a price of $3.75 a ton on board cars at Fort Wayne or New Haven. Thus for contracts for land have been signed as follows: Henry Gutjar, 50 acres; C. W. Fairfield, 10 acres; Alexander Johnson, 5 acres; H. F. Gerke, 3 acres; F. Furthmiller, 3 acres; George Brawn, 10 acres; L. H. Romy, 3 acres, and W. F. DeVilbiss, 4 acres. About sixty acres were pledged last Wednesday.

MORE LAND IS NEEDED.

Not enough land has yet been secured to make the test, and during the present week Alexander Johnson and W. F. DeVilbiss will visit a number of farmers, with the expectation of getting the required 200 acres without difficulty Those who are willing to devote a portion of their farms to making the test are requested to communicate with Mr. Johnson or Mr. DeVilbiss.

These gentlemen, as well as a number of other local farmers who have devoted some study to the sugar beet question, spoke in support of giving the matter a trial. Mr. Johnson said that at Kalamazoo the producers were getting only $3.50 per ton, and at this price their average receipts per acre last year were $47.63. The cost of producing and marketing them was about $18 per acre, the producer allowing himself $3 per day for man and team. He urged the farmers present to take hold of the matter and help make it a success. He thought it was one of the best industries a farmer could engage in.

EXPLAINED THE PLAN.

C. E. Mitchell, a representative of the Continental company, was in attendance at the meeting Saturday, and stated that his company, now operating a plant at Fremont, Ohio, was willing to come to Allen county if it could be demonstrated that sugar beets of a profitable grade could be cultivated here. If 200 acres are pledged his company will for this year pay $3.75 per ton for all beets raised, regardless of sugar percentage.

Mr. Mitchell said the seed would be furnished by the company, as it was to the interest of the producers as well as of the company to plant the best seed. It will require fifteen pounds of seed per acre, fifteen cents a pound, to be paid for when the crop is delivered.

The seeds are to be drilled in rows twenty inches apart, and thinned to eight inches apart in the rows. The crop must be planted, tended and harvested under the direction of the company. The seed, he said, should be planted about the middle of April or as soon after as the weather will permit. The average per acre for the first year is about ten tons. After farmers once learn to cultivate properly they can raise on an average of about fourteen tons. Mr. Mitchell dwelt at some length on the manner of cultivating sugar beets and his talk was very interesting and instructive.

WAS BRILLIANT

SOLIDAY, HITE & COMPANY'S GRAND OPENING.

Incomparable Exhibit of Furniture, Carpets, Draperies and Outfittings —Hundreds Visit the Store.

That portion of the community which attended the opening at Soliday, Hte & Company's enlarged store Saturday, had the opportunity of seeing a display that would do credit to a metropolitan establishment. If one is to judge the community by what it admires the verdict would be that the portion which visited this elegant store during the opening referred to have tastes for things beautiful and useful. Under one roof, and upon a floor space of about 20,000 square feet, this firm has concentrated a stock of furniture, carpets and house furnishings that it would be difficult to eclipse in any store outside of Chicago or New York. When a Sentinel reporter visited the store Saturday evening, his gaze traveled over a vast scene of treasures that are used in this advanced generation to fill up homes and permeate them with comfort and happiness. From the street the glow of the brilliant interior was reflected upon crowds who had either passed through the store or were on the eve of doing so. Within the store the crowd filed through the various departments admiring the view before them. Reineke's orchestra discoursed music throughout the evening and every guest received a souvenir. The entire first floor of the store is given up to the display of furniture, save the handsome frontage, which was converted into a suite of rooms for the better display of parlor and bed room goods, carpets and draperies.

It would be impossible in limited space to enumerate the furniture shown, but a few of them were parlor goods, library goods, bed room suits, couches of all descriptions, combination book cases, rockers, great leather chairs in which one might find more comfort than the finest feather bed, chiffoniers, dining room goods, etc., etc. The finish of some of these goods beggars description. All the varying grades of furniture from the commonest to the most elegant turned out by the best manufacturers in the country was there to be admired and commented upon. The carpet and drapery room of this house is a late departure and one that will prove popular. The stock consists of Wiltons, Axminsters, Smith's velvets, Stinson velvets, body brussels of all grades, (Whitall's famous goods,) and Smith's tapestries of all grades, etc The selection of ingrains is beyond compare, these goods coming from the well known house of Thomas Devlin & Sons, Philadelphia. The firm has a most elaborate and useful stock of outfitting goods intended to meet the general demand for goods of this character. Dinner and tableware, lamps, refrigerators, carpet sweepers and a thousand other things come in the list.

The magnificent effect produced throughout the store was largely brought about by the artistic work of Mr. George C. Dierstein, a professional draper of this city.

The store as remodeled, decorated and restocked, places it in the line of big stores of Indiana. Its fair dealing with the public accounts for its popularity and success. The store has a street frontage of sixty feet, presenting the best window space to be found in the city. With modern goods and such a variety of them the business will be largely patronized, as it deserves to be. The firm showed remarkable enterprise in giving the public such an elegant treat.

SLAIN BY TORNADO

TWENTY-FIVE PERSONS DEAD IN ALABAMA.

STORM SWEEPS BIRMINGHAM

PART OF THE CITY LAID LOW BY THE WIND.

JONES VALLEY DEVASTATED

ALL WIRES DOWN AND NEWS HARD TO OBTAIN.

Birmingham, Ala., March 25.—In a tornado which today swept over Jones Valley, in which Birmingham is located, twenty-five lives are estimated to have been lost. Immense damage was done to property. Between 9 and 10 a. m. the storm raged with great violence. Such havoc was created that up to 12:30 o'clock this p. m. the number of casualties had not been definitely fixed. Twenty-five dead was, however, the general estimate. Of these seven were killed at Irondale, about fifteen in the city of Birmingham and the others in suburban towns.

THE DEAD.

Among the known dead are the following:

Dr. G. Chapman, prominent physician of this city, killed by falling debris in Menthor's store on South Twentieth street.

Mrs. Robert J. Lowe, wife of the chairman of the state democratic committee.

Infant son of Mrs. Lowe, both killed at their residence on South Highland street.

J. Alexander, merchant, killed in his store at Avenue J and Twenty-fourth street.

W. H. Dickerson, bookkeeper, killed in Menthor's store on South Twentieth street.

Daughter of B. B. Hudson, merchant.

Lizzie Glenn, colored.

Carrie Henry, colored.

Lizzie Goodloe, colored.

Carrie Hudson, colored.

Maggie Blevins, colored.

J. Myro, colored.

Fannie Stradmire, negro cook for B. D. Hudson.

FATALLY INJURED.

Among the fatally injured are Mrs. R. H. Thomas and Mrs. W. H. Thomas, wife and mother of a prominent real estate agent.

The storm did its worst damage in the neighborhood of avenues I and J, from Tenth to Thirtieth streets, wrecking scores of buildings and creating terrible havoc. The entire fire and polic departments turned out to render aid and are still engaged in taking the dead and injured from the debris and sending them to undertaking shops and hospitals.

At Pratt City, the roof of the brick high school was blown away and the First Methodist church was wrecked.

Dozens of negros' cabins were demolished. The commissary of the Tennessee Coal and Iron company was blown down. Reports of great damage to growing crops and farm houses in the vicinity are reported.

Brighton and North Birmingham were considerably damaged. At Irondale the extent of the damage is not yet known but it is stated that five stores were demolished in the business district and seven people were killed.

DUCAL PARTY NOW IN MALTA

RECEIVED WITH ACCLAIM AND MUCH CEREMONY.

Pleasant Incident of the Tour of the World by the Duke of Cornwall and York.

Malta, March 25.—The steamer Ophir, bearing the Duke and Duchess of Cornwall and York on their tour around the world, arrived here this morning.

The warships in the harbor were manned and dressed. The sun shone brightly, and the crowds were early astir, pouring into Valetta and filling the terraces and ramparts commanding a view of the harbor.

The approach of the Opair was heralded when she was still eighteen miles distant by salutes from a flotilla of ten torpedo boat destroyers which went out to meet her.

She entered the harbor amid salvos of artillery from St. Angelo, the citadel, forts and warships.

After receiving the officials, the duke and duchess landed and drove to Porto Reale and thence to the palace. The balconies of all the houses along the route were profusely decorated with flags and bunting and filled with cheering spectators.

The entire distance from the landing place to the palace was brightly decorated with venetian masts and arches. The streets through which the duke and duchess and their party passed were lined with troops and blue jackets.

EXAMINATIONS IN PROGRESS.

The annual examinations in the different Lutheran schools of the city commenced this morning and will continue throughout the week. The results will be announced some time next week, and promotions will be made after Easter.

CONTINUES BIBLE STUDIES.

Rev. Wight, of Kalamazoo, will continue his Bible studies in Fort Wayne this week, holding the meetings at the Berry Street M. E. church, beginning Tuesday afternoon at 2:30. The evening subject will be "The Opened Book."

ELKS' PROGRAM COMPLETED

DETAILS OF THE STATE MEETING IN JUNE.

Executive Committee Cuts One Day Off the List—Some of the Principal Events.

At a meeting of the Elks' executive committee last evening a definite program for the state convention to be held in Fort Wayne in June was formulated. It was deemed best to hold the sessions on but three days instead of four, and the original intention to protract the exercises until Friday was abandoned.

The dates of the meeting will, therefore, be Tuesday, Wednesday and Thursday, June 11, 12 and 13. According to the outline as now definitely determined, the first day will be given over to the reception of delegates and visitors at the assembly room of the court house. The night event will be a stupendous mardi-gras carnival, which will formally open the festivities of the week.

Wednesday morning the state lodge will go into session at the Elks' lodge rooms in the Lau building, and the business of the meeting will all be transacted at this time, so that the remainder of the stay in Fort Wayne can be given over to unalloyed pleasure. Wednesday afternoon a grand parade of Elks will be given, in which it is expected that more than 2,000 Indiana members of the order will be in line. The route of march will cover the principal down town streets. Wednesday night will occur the big social session for the Elks and their invited guests. This function will probably be held at the Robison park pavilion. This fact is not yet definitely settled, but the committee members express a preference for this location.

Thursday, June 13, will mark the appearance of the circus, and both afternoon and evening performances will be given. R. O. Rinkin has been chosen as manager of this feature, and will give his entire attention to it from this time forward. The committee has closed a contract for a complete circus outfit, and the tents will be spread near the base ball park. About half the performers will be secured from the professional ranks, while well known local stars of the circus ring will bring up the other half of the show. A number of bands will be present, and concerts will be a strong feature of the day.

The Elks now have on hand a fund sufficient to carry out the entire convention program, and the members are entering into the preliminary work with a splendid enthusiasm. The Fort Wayne meeting will set a mark for all future state events of the order.

MASSACRED BY TURKS.

Constantinople, March 25.—According to private advices from Macedonia a band of Turks massacred three Bulgarian families, men, women and children, in the village of Aghamahalleh, near Seres, a town forty-seven miles northeast of Salonica. Details of the outrage have not been received. The news created a profound sensation. It is reported that a village near Monastir in Macedonia, with a mixed population of Musselmans and Bulgarians has been burned.

UNABLE TO AGREE

POWERS FAR APART ON THE MILITARY QUESTION.

DIVIDE ON LEGATION POLICE

PRESENCE OF SOLDIERS IS OPPOSED BY MINORITY.

RUSSIAN TERMS ARE MODIFIED

AGREES TO CHANGE THE MANCHURIA CONVENTION.

Pekin, March 25.—The foreign ministers seem utterly unable to agree as to the best method of policing the legation quarters. The proposition most favored by the majority and most complained of by the minority is one providing that men of the regular armies shall be detailed for the service, under one officer connected with the allies. United States Special Commissioner Rockhill is one who objects to this plan, as is also the British minister, Sir Ernest Satow, who says, though an international force is desirable, it would be better that the police details should be composed of soldiers who are not liable to be called away when they are most useful.

It is also undesirable, he thinks, that the commandant should be an officer actively connected with any army, while the intention to make each legation practically an armed camp is a great mistake and is liable to cause friction; and it would be better far to make a general international district.

DANGERS POINTED OUT.

The home ministers are seriously considering the advisability of asking the government to reconsider the decision in favor of the big legation guards as being liable, not only to keep the court from returning to Pekin, but also as a continued source of danger in the dealings with the Chinese, as it would be impossible to keep the guards entirely within the legation quarter, which condition Prince Ching and Li Hung Chang insist upon, saying that otherwise it would be impossible to guarantee order, especially when the Chinese troops shall have returned to Pekin.

One drunken soldier outside the foreign settlement, they say, might cause another war.

The time which the Russians have given the Chinese to sign the Manchurian agreement expires on Tuesday, and should the agreement not be signed then Russia will break off the negotiations. The agreement practically annexes Manchuria.

Prince Ching and Li Hung Chang consulted this morning but did not decide either to sign the convention or appeal to the powers.

GRATEFUL TO AMERICA.

On behalf of China Li Hung Chang desires to express gratitude to America for her position in the matter.

The attitude of M. DeGeirs, the Russian minister, at the meeting of the foreign representatives is embarrasing and causes considerable annoyance. He refuses either to agree with the other ministers or holds apart entirely.

A committee will consider the question of China's ability as regards indemnity and the most practical methods for guaranteeing payment of indemnity to the powers. It it not thought likely, on account of Sir Robert Hart's increasing age and the gradual approach of feebleness that he will continue long in charge of the imperial customs on behalf of the powers.

AMERICANS BURIED.

The body of Captain Riley and seven enlisted men, which were buried at the American legation, were removed to the temple of agriculture this morning with military honors. General Chaffee and his entire staff accompanying the remains. The body of an American marine, which was buried at the Russian legation, will be removed on Tuesday with the same honors. The bodies will leave on board the transport Egbert for the United States about the middle of April.

The signal corps has completed all arrangements and is awaiting transportation to Manila.

THE TERMS MODIFIED.

London, March 25. — A dispatch from Pekin avers that the Russian government has consented to a number of modifications in the Manchurian convention, the principal ones being:

Kui Chow and Port Arthur shall not be annexed, but shall be leased from the Chinese government as heretofore; Russia will not insist upon there being a Russian resident at Moukden; the Chinese army will be permitted to maintain order in Manchuria prior to the completion of the Manchurian railway, which, while in course of construction, will not necessarily require the protection of Russian troops; Russia will forego her demand that mining and railway concessions in Mongolia, Turkestan and Kashgaria shall be granted to none but Russian subjects. Russia stipulates, however, that none but Chinese and Russian shall be allowed to undertake such enterprises.

In consequence of these concessions the Russian government asks for an early signature of the convention.

WILL MAKE A PROTEST.

Washington, March 25.—The state department has received from Mr. Allen, our minister at Seoul, Korea, advices confirming the cabled report of the removal of McLeavy Brown, the director of Korean customs. As this action of the emperor, undertaken at the behest of Russia, goes far to wipe out the integrity of Korea according to the estimate of the officials here, it will not be allowed to pass without a remonstrance on our part. For the officials are convinced that Russian domination of Korea would mean the extinguishment of American interests in that quarter, and these in recent years have become important.

NO ACTION TAKEN.

Yokohoma, March 25.—Replying to a question in the house of peers today the minister for foreign affairs, said Japan had not communicated with Russia in regard to the Manchurian agreement. The matter of the dismissal from office of Mr. McLeavy Brown, director general of Korean customs, announced yesterday from Seoul, is reported to have been settled.

A SOLDIERS' AFFRAY.

Tien Tsin, March 25.—In an affray last evening two members of the Welsh fusilier regiment and a member of the Victorian contingent, who were acting as policemen, were stabbed and bayonetted. It is alleged that Germans were the principal culprits.

MONARCHIST PLOT EXPOSED

LEADERS ARE ARRESTED IN RIO DE JANEIRO.

Conspiracy for Overthrow of the Brazilian Republic is Frustrated.

New York, March 25.—A dispatch to the Herald from Rio de Janeiro says:

Great excitement prevails here over the arrest of Admiral Custodio Jose Mello and others on account of the revelations of a monarchist plot through the suicide of Baron De Burgal.

Extraordinary precautions are being taken by the government to prevent any outbreak. Apprehension centers about the navy. The war vessels are being closely guarded, as it is believed that the officers are not quite trustworthy. Details of the plot which Baron De Burgal gave to the authorities have been revealed. It was the purpose of those concerned, it is declared, to give the signal for the outbreak by the assassination of President Campos Salles.

During the excitement that followed the monarchist adherents in the army and navy were to take possession of the city and hold the government officers. The affairs of state were to be intrusted to a triumvirate composed of Admiral Mello, Marshal Canturia and Counsellor Lafayette Peheira.

Admiral Mello was quietly removed from this city, as it was feared that his presence would cause disturbance.

He was conveyed to Gobas island, where he is held in the custody of Admiral Proenca.

THREATEN TO STRIKE.

Youngstown, O., March 25. — The furnace employes of the Mahoning and Shenango Valley furnaces, who have recently been organized into unions, served notice on the operators today that unless a nincrease of 10 per cent in wages was granted, they would go on strike April 1. About 2,500 men are employed at the furnaces.

SHE CANED CHARLES SUMNER.

Columbia, S. C., March 25.—The widow of Preston S. Brooks, who caned Charles Sumner in the United States senate, died here last night.

DEADLY FIRE DAMP

NINE MINERS KILLED NEAR CONNELSVILLE, PA.

MEN SHOCKINGLY BURNED

SEVERAL OF THE INJURED WILL DIE.

THE ACCIDENT A MYSTERY

ACCUMULATION OF GAS IS THOUGHT STRANGE.

Connellsville, Pa., March 25.—A special composed of a box car and a fast engine brought into Connellsville today the most frightful host of groaning, blackened and unrecognizable men ever hauled into this town.

There were the victims of a terrific explosion at the Gates mines of the Eureka Fuel company in the new Klondike coal field in this (Fayette) county. The mine has been worked only a few months. It is too early to hazzard a guess at the cause which led to the accumulation of enough gas to make such a fatal explosion. This morning twenty-eight men reported for duty and went into the pit.

Of this number sixteen were caught in the awful grip of the scorching breath of the fire damp and singed and blackened. As soon after the explosion as possible a force of men was put to the rescue. A great crowd of grief stricken wives and relatives surrounded the shaft. One by one the burned men were found and sixteen were found to be dead or terribly burned. Nine still lived and these were put into a box car. A fast engine was attached and this hospital express was rushed at mile a minute speed to Connellsville. The ambulance made several fast trips and landed all the wounded men in the Cottage State hospital. Drs. F. W. White, J. W. Coll, R. S. McKee and L. P. McCormick are dressing the wounds and other doctors are summoned.

The wounded men are terrible looking objects. The black flesh is being trimmed off. Some have lost their eyes, others fingers, and it is almost certain that three or four of the wounded will die. The dead men were taken to their desolated homes. No names could be learned here, as all the injured are foreigners.

DOCTORS MEET IN REUNION

THE ALUMNI ASSOCIATION GATHERING TOMORROW.

Preliminary to Medical College Commencement—Banquet at the New Aveline.

Tuesday afternoon at 1 o'clock the alumni association of the Fort Wayne College of Medicine will hold its annual reunion at the college amphitheatre, and a large number of physicians who have gone out from this institution are expected to be present.

There are nearly 200 members in the association, and Dr. C. E. Barnett, the secretary, has received responses from a large per cent. of them. Not all will attend, however, as the membership is scattered over almost the entire United States. The program tomorrow afternoon, in addition to the routine business and the election of officers, will include reports of individual cases by the visiting physicians, with members of the society acting as consultant practitioners.

AT THE TEMPLE.

The annual commencement exercises of the college will be held at Masonic Temple Tuesday evening, and the program for this event has already been printed in The Sentinel. There are four graduates—Jesse E. Higgins, Eugene H. Ash, Francis McEvoy and John D. Mercer.

Following these exercises will come the annual banquet of the society, to be held at the New Aveline hotel.

A LIVELY SCRAP.

A young man known about town took a horse and buggy belonging to a man named Kaylor, living in the country, which was standing on West Columbia street this afternoon without the formality of asking the owner's permission. Mr. Kaylor, with a friend, overtook the fellow on Berry street, opposite the Arcade, and gave him a sound thrashing in the presence of a large and interested crowd. The men then loaded the fellow into the buggy and started with him for a justice's office, but were persuaded to release him before reaching one. Officer Pappas is looking for the man who stole the ride.

CHARLOTTE M. YONGE DEAD.

London, March 25—Charlotte Mary Yonge, the author, died yesterday in Winchester. She was born Aug. 11, 1823.

CALLED THE CORONER.

During the latter portion of his illness the little son of Mr. and Mrs. John Hamilton, of Wagner street, was under the care of Christian Science practitioners and physicians formerly in attendance were thus not in a position to sign a certificate setting forth the cause of death. This is required by law before a burial permit can be issued, and this afternoon Coroner Barnett was directed to make the examination necessary to establish the cause of death.

MR. BEERS MAY BE PRESIDENT

LIKELY TO HEAD BIG EASTERN TELEPHONE CONCERN.

New York Gossip Regards His Selection as Very Probable—Stockholders to Meet.

G. W. Beers has returned from New York, where he has been spending the past week looking after telephone interests in the east. W. J. Latta, president of the Telephone, Telegraph and Cable company, of America, recently tendered his resignation, and in this connection the New York Commercial says:

"In some quarters the presence here of G. W. Beers, a well known independent telephone man, is taken to mean that his selection for the place is probable."

When asked concerning the matter this morning Mr. Beers was not inclined to take the rumor seriously, and intimated that his visit to the east had nothing to do with the selection of a president for the big concern. However, a meeting of the stockholders has been called for Tuesday, and Mr. Beers' election would be no surprise to those familiar with independent telephone affairs.

ABOUT THE CITY HALL.

The council committee on streets and alleys will meet tonight instead of last Saturday, as was announced. They will consider the placing of electric wires on Barr street under ground.

City Bacteriologist Drayer has concluded to remain in his present position until the expiration of Mayor Scherer's term, but positively refuses to be a candidate for reappointment. He will go to New York for a short visit in a few days.

The election committee of the council and the city clerk are out today completing the selection and hiring of voting places for the primary election.

The Kerr Murray company is right up and doing. Last Saturday afternoon a building permit was issued to the concern to erect a brick building to cost $10,000. Another building permit was issued to Levi Griffith to remodel the Masonic Temple at a cost of $3,000.

The board of works is in session this afternoon and have again the Southwestern railway franchise under discussion. Other matters to be considered are the approval of several contractors' bonds; a petition for grading an alley between Madison and Jefferson streets and the building of sidewalks on Dearborn street.

George Crouse has been granted a permit to build a frame house to cost $600 on St. Mary's avenue.

Poundmaster Tremmel knows that spring has come. He today picked up two live dogs, three dead ones and a dead colt.

GOES TO SANDUSKY.

General Superintendent H. W. TenBrock, of the Metropolitan Insurance company, has transferred E. E. Neal, assistant superintendent, from this city to the office at Sandusky, O. A. Davis, of Muncie, gets the vacated position in the Fort Wayne office.

Mr. and Mrs. Thomas Albright, of Elm street, spent Sunday with friends in South Whitley.

A. B. Trentman has gone to New York city on business.

THE CASE CLOSED

PEACE NEGOTIATIONS WILL NOT BE REOPENED.

CHAMBERLAIN'S DECLARATION

NO POSSIBILITY OF OFFER BEING RENEWED TO BOERS.

BOERS NEAR QUEENSTOWN

BUSINESS SUSPENDED WHILE WAITING FOR FIGHT.

London, March 25.—The colonial secretary, Mr. Chamberlain, when asked in the house of commons today if it was possible to change the offer of peace terms to the Boers, said the negotiations were closed and there was no intention of reopening them.

BOERS NEAR QUEENSTOWN.

Queenstown, Cape Colony, March 25.—The town guard here has been called out, owing to reports that a force of Boers is near the town. Business has been shut down in order to allow the employes to man the trenches and forts day and night.

The Boers, who are said to be twenty miles off, are alleged to have crossed the railroad near Drummond.

MAY RAISE CORN DUTY.

Liverpool, March 25.—The Daily Post hears that the failure of the peace negotiations in South Africa is causing the chancellor of the exchequer, Sir Michael Hicks-Beach, to consider the expediency of abandoning the suggestion of a shilling registration duty on corn in favor of a two shilling direct duty.

ARE COMING OUT.

Now that nominations have been closed for municipal offices in the democratic party, the republicans are coming out of their shells and looking around. It is stated on good authority that the latest as well as about the first slate reads as follows: For Mayor, Theodore F. Thieme; for city clerk, Will F. Urbahns.

ADDRESS BY MRS. M'CREA.

Mrs. F. F. McCrea, president of the Indianapolis Young Men's Christian association and also of the state board of the Y. W. C. A., is a guest at the local branch, and this evening will deliver a public address in the gymnasium. A reception will follow the address in the association parlors. Mrs. McCrea is widely known throughout the state, and is a woman of great ability. An excellent musical program will be given in connection with the reception.

LOCAL NEWS.

Hon. R. P. Barr, of Kendallville, and C. C. Simon, of Swan, are in the city today.

Mrs. Lipes Thieme has gone to Yellow Springs, Ohio, to be the guest of relatives for two weeks.

George Gale leaves this evening for Buffalo to attend the funeral of his brother-in-law, N. R. Acker, which will occur tomorrow.

The women's Bible reading at Wayne street M. E. church will be dispensed with this week, owing to the lectures by Rev. Wight.

Frank Spaulding, of Chicago, began work this morning with the Mondamin Meadows Dairy company. Mr. Spaulding is an expert ice cream mixer of eighteen years' experience. He mixed the Collins' ice cream supplied at the world's fair, and is considered one of the most expert men in his line in the world.

A telegram to Dr. C. E. Barnett last evening instructed him to take the first train for Atlantic City, N. J., where Mrs. B. C. Bell was said to be seriously, though not dangerously ill. Later a message announced marked improvement in Mrs. Bell's condition, and advised the physician to defer the trip until further notification. Mrs. Bell went east some time ago in the hope of benefiting her health.

At the close of the service last evening E. Russell Sanborn gave a brief organ recital at Trinity Episcopal church. Among the numbers played by him were "Finale" in D, by Lemmens; first movement of the fifth sonata, by Guilmant; processional march, by S. B. Whitney, and march in C, by Sole. Mr. Sanborn played with his usual masterful interpretation and the short program was greatly enjoyed.

INVIGORATED

HOW A WOMAN GOT HER STRENGTH BACK.

She Took Our Vinol with Good Results.

WE WANT EVERY ONE TO KNOW ABOUT IT.

READ WHAT WE HAVE TO SAY. COME AND SEE US.

We don't want any one in this city to drag themselves through life in pain and misery for the want of enough strength to feel well and happy.

If you feel listless, without ambition and run down, it is a bad sign.

You are running grave chances. You are in a condition to be attacked by most any disease.

This feeling of debility is a symptom that your system is generally demoralized. You should take a tonic.

You should take Vinol, which we know and will guarantee will restore your strength.

Following is one case where it did this. Mrs. T. H. Boyle, of 56 Chestnut St., West Newton, Mass., says:

"Last spring I used one bottle of Vinol. At that time I was all run down and sick. I find that it did me lots of good, and by its use my strength came back to me."

Vinol is a delicious preparation, containing the active curative principles that are found in cod-liver oil, dissolved in a delicate table wine.

Vinol acts directly on the stomach, aiding digestion and at the same time creating a healthy appetite. It gives strength and vigor to every organ of the body.

We endorse Vinol, and guarantee its action, and will gladly refund to any one who is not satisfied the money which they paid for it.

HE STOLE NEARLY $200,000

CASHIER JOHNSON'S SHORTAGE IS ENORMOUS.

Report of Comptroller on the Niles Bank Failure—Johnson's Friend Suicides.

Washington, March 25—Mr. Dawes, the comptroller of the currency, has received a report from the receiver in charge on the condition of the failed First National bank of Niles, Mich.

The report will not be made public at present, but it is stated that the indications are that the defalcation of the cashier will amount to about $195,000.

The comptroller of the currency today decided to assess the stockholders of the bank 100 per cent. of their holdings.

CAUSED A SUICIDE.

Niles, Mich., March 25.—W. J. Gilbert, former mayor of this town, reputed to be wealthy and one of the best known and most respected residents of Berrien county, was found dead yesterday in a storehouse in the rear of his residence, where he had ended his life with a bullet.

Grief over the downfall of a bosom friend is believed to have caused the suicide. Warm personal relations existed between Mr. Gilbert and Charles A. Johnson, cashier of the First National bank, who fled a few hours before the failure of that institution, and who was brought back under arrest from Ohio a few days ago, charged with wrecking the bank.

Mr. Gilbert was Johnson's legal adviser and trusted him unreservedly. The two were much together and their regard for each other was a matter of common knowledge among their associates. They were engaged in many enterprises together and both for nearly thirty years had taken a leading part, commercially and politically, in the development of the town.

How far Mr. Gilbert's business affairs were affected by Johnson's operations and the collapse of the First National bank only a full investigation of that institution's condition can disclose. Mr. Gilbert, aside from his own possessions, held many estates in trust, acted as guardian in several instances, and acted as loan agent for considerable eastern capital. He did much business through Johnson's bank and it is thought was a large loser through the failure.

Mr. Gilbert had been missing since Friday morning, when after breakfast he started toward town. Everything was found in perfect order in his law office, but unfinished business and the unlocked safe showed that he had been there Friday morning.

NEW CONGREGATIONAL CHURCH

Rev. J. Webster Bailey, pastor of Plymouth Congregational church and Rev. D. T. Williams, of the South Congregational church, will go to South Bend tomorrow to assist in instituting a Congregational church in that city. It is the first church of that denomination in South Bend and has a voting membership of about forty. The State Association of Congregational Ministers and laymen will attend the ceremonies.

KILLED WIFE, THEN SELF.

Chicago, March 25.—Charles Lattimer entered his wife's millinery store today in Sixty-third street, walked up behind Mrs. Lattimer, who was examining a hat preparatory to delivering it to a customer, and shot her to death. Lattimer then placed the weapon to his own head and fired, inflicting a fatal wound. No reason is known for the tragedy.

A TRIO OF NEW SOLDIERS.

The latest recruits from the Fort Wayne office for the regular army are William H. Gibson and James E. Miller, of Monroeville, and Edward E. Moorhouse, of Albion, who left Saturday to join the Twenty-third infantry.

DR. DUEMLING WILL RETURN

Dr. Herman A. Duemling, late of this city, who removed to Milwaukee about a year ago, has decided to return to Fort Wayne and will remove here some time in May and will resume his practice. Dr. Duemling is very well known here, and was president of the medical society the year previous to his removal to Milwaukee.

TRAIN SNOWED IN.

Chicago, March 25.—A special from Omaha, Neb., says: Horace G. Burt, president of the Union Pacific railway and other officials, are in a train stalled in a snow bank near Ogallala. They were caught in the blizzard which is raging in western Nebraska and Colorado.

THE SUNDAY GRIST ABSENT

ONLY ORDINARY CASES WERE IN POLICE COURT.

Mayor's Ten-Dollar Habit Lapses for Want of Raw Material The Woes of the Police.

That ten dollar fine that the mayor plays each Monday morning seems to have had a deterrent effect on the Sunday drunks. There was not one slated at police court this morning, although there were a few Saturday night victims. Jacob Oppenheimer, who has been a regular visitor at police court for about thirty years, made his semi-occasional bow again this morning. Jacob had accumulated a plain, every-day drunk without any trimmings and he was sent over for eleven days.

John Smith, which is not his name, deposited $11 on Saturday for indulging in too much hilarity. He forfeited this morning.

Arnie Hagerty looked a trifle the worse for wear and admitted that she had a glorious mush. She said that all that she wanted was an opportunity to leave town. The mayor told her if she could make Monroeville in an hour she could make a try for it. When last seen she and her little old satchel were making a bee line down Barr street.

Superintendent Gorsline has received a letter making inquiry for the heirs of Arthur M. Bixby. He says he has valuable information for them if there are any in this vicinity.

The board of safety will meet tonight, when Firemen Lauer and Haller will be on the carpet for the second time within a few months. There has been ill feeling between the two men for some time and recently they were reprimanded, and it was then thought that they would be separated and assigned to different houses. Their trouble culminated in another mixup a few days ago and the matter will be investigated tonight.

Superintendent Gorsline on Saturday received a letter from Warden Barrard, of the Michigan City penitentiary, thanking him for the record of William Morfon, sent him, and saying that he liked the way the Fort Wayne officers go after that kind of fellows.

Several weeks ago the local police were notified that L. M. Besinger's tailoring establishment at Huntington had been broken into and about $1,300 worth of goods was carted away; everything was swiped except the paper on the wall. Since then Besinger has gone into bankruptcy, has left the town for parts unknown and has deserted his wife, who says that he is a professional swindler; that he committed forgery some years ago and that he committed the robbery himself. Besinger is evidently of the genius lulu.

Sam F. Swayne, of West Berry street, this morning reported to the police that some time during the night his stable had been entered and his horse and carriage stolen. The horse was taken without a halter, which leads Mr. Swayne to believe that perhaps the rig was taken by someone for a ride and that it would be abandoned somewhere. The animal is a black mare about six years old and the vehicle is a two-seated carriage. The sheriff has also been notified and the officers of both city and county departments are investigating.

The two little sons of George Jaap and Joseph Yobst, who were reported missing last Friday night, turned up on Saturday afternoon. They had armed themselves with wooden daggers and were en route to the far west to devastate a few bad Indian settlements. After sleeping in a barn on Friday night and getting as far as Huntertown the next day they concluded that slaughtering Indians is a bad business and returned home.

Humane Officer Schlaudroff is in receipt of a letter from James McDonald, of Volney, Mich., making inquiry about his mother, Mrs. Catherine McDonald, who came in from the country a week ago and insisted on stopping with a strange family at No. 337 West Main street. He said that if his mother can be persuaded to come to him he will provide comfortably for her. Mrs. McDonald, in the meantime had been sent to Volney on the same day that the letter was written and since then nothing has been heard from her.

TO BE HELD IN FORT WAYNE

CONVENTION OF CATHOLIC BENEVOLENT LEAGUE.

May 11 Is the Date—Representatives of Councils Held a Joint Meeting Sunday Afternoon.

Representatives of every Fort Wayne council of the Catholic Benevolent League of Indiana held a meeting Sunday afternoon at St. Mary's school hall and a committee of five members from each council was named to arrange a number of important matters in connection with the society.

It is designed during the early summer to run a big excursion of the order from all over the state, and either Rome City or Fort Wayne will be selected as the place of meeting on that occasion. The committee named yesterday will make the preliminary arrangements.

Another committee was instructed to adopt a badge for the Fort Wayne councils.

The supreme convention of the order will be held in this city May 14, and to arrange for this gathering a joint meeting of all the councils of the city has been called for April 9.

TURN PLATT DOWN

NEW YORK LEADER SHORN OF HIS POWER.

GOVERNOR ODELL IS UPHELD

PARTY LEADERS ASSEMBLE IN CONFERENCE.

THE EASY BOSS HAS YIELDED

THE ANCIENT CHIEFTAIN IS DISCARDED FOR NEW.

New York, March 25.—Fraught with greater political significance than any other incident that has occurred in republican councils in this state in the last twenty years was the conference held yesterday afternoon in Senator Platt's room in the Fifth avenue hotel.

The republican leaders were there from all parts of the state. They were called together by telegrams sent by the man who has been the republican dictator in New York for almost two decades. Their deliberations were of the gravest nature. Yet every man present knew before he went into the conference exactly what the result would be.

Called together for the ostensible purpose of deciding whether it would be advisable to force further police legislation during the present session of the legislature, the determination of that question was a mere incident in the day.

HUMILIATED, BUT DEFIANT.

That which is of the greatest importance is the fact that Senator Platt was practically deposed from the leadership of the republican party of New York state. His humiliation was so complete that he himself made the announcement that Gov. Benjamin Odell is master of the situation, but in making that announcement he still sounded a note of defiance. Certain forms were followed; the history of the last four weeks, so far as it relates to republican politics, was reviewed, and an attempt was made to ease the fall, so far as possible, to the veteran leader. Knowing that he had been defeated, he refused to admit that harmony prevails. He made ready for another battle to recover the laurels which have been torn from his brow.

Governor Odell was most conscientious by his absence. It had been thought that some one would be found at yesterday's conference who would denounce the young man who has seized the reins of political power. In the fact that admiration only was expressed for Governor Odell is ample evidence that his coup d'etat is complete. He controls the legislature in both its branches and the republican organization is well within his grasp.

ABOUT THE COURT HOUSE.

The superior court is not in session this week. Judge Aiken is enjoying his vacation duck shooting.

Frances Geeting has commenced action for divorce against Aetian Geeting. The complaint alleges that they were married in December, 1899, and parted on the 3rd of the following March, since which time they have not lived together; neither has the defendant contributed anything toward the support of the plaintiff.

Judge Adair, of Columbia City, is sitting today in the circuit court as special judge in the case of Bass vs. Baird.

In the circuit court this morning Henry F. Bullermann filed his final report of the estate of Frederick Bullermann, deceased, and asked to be discharged.

A. H. Bittenger, attorney for the board of children's guardians, filed a report showing what disposition had been made of various charges committed to the care of the board.

The Branstrator will case was concluded on Saturday afternoon and later Judge O'Rourke rendered his decision, which was that the widow could take her share of the estate under the law instead of under the will. This was contrary to the contention of the heirs, who held that she should take under the will.

The commissioners will not be in session before next Wednesday.

MUSICIANS MEET.

Local branch No. 58, of the American Federation of Musicians, held its regular monthly meeting at the Elektron building yesterday afternoon. There was a large attendance but little business of importance was up for consideration. It was voted not to send a delegate to the meeting of the national convention in Denver in May, and this city will be represented by proxy. A committee from the Cigarmakers' union was heard in advocacy of union made cigars and the union endorsed the sentiments expressed.

Master Arthur Burlinghame, of East Main street, was pleasantly surprised by a number of his young friends last Friday evening in honor of his twelfth birthday anniversary.

We show the choicest and most correct creations in Ladies' Hats that have yet been seen.

CATHEDRAL WAS DESTROYED.

Grand Rapids, Mich., March 25.—St. Andrew's Roman Catholic Cathedral was destroyed early today by fire resulting from a stroke of lightning. The loss is $50,000, with only $20,000 insurance. The large pipe organ, valued at $10,000, was utterly ruined. The spire of the church was struck by lightning about 10:30 last night, but flames were not discovered until 2:10 this morning, when they were beyond control of the firemen.

ADD A NEW ASSISTANT.

W. H. Howard, of Quincy, Ill., has been added to the staff of assistant superintendents of the Prudential Insurance company in Fort Wayne under C. W. Noble. There are now three assistants, the other gentlemen being Messrs. I. E. Kane and A. Ziebold. As soon as the offices are removed to the new quarters in the Y. M. C. A. building a fourth assistant superintendent will be added.

NEW STORE A BEAUTY.

The handsome new store of the Fort Wayne Outfitters company, in the Tri-State building, was thrown open to the public on Saturday and thousands of visitors thronged the building for a view of one of the handsomest and most elaborate stocks of furniture and house furnishings in the city. The line includes the newest and most tasty novelties in this line of trade and two entrances, one on Berry and the other on Clinton street, afford easy access for purchasers. The basement, first floor and a large gallery are utilized in the display of the extensive line, and the management states that its connection with twenty other branches in as many cities gives the best possible advantage in buying and selling at a close margin. The easy-payment plan will be a prominent feature of the new firm's business. About two thousand souvenirs were given to callers on Saturday.

AN EASY WAY.

To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject. He says. "I am 68 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but for the past eight years I have made it a daily practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets.

"My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, pepsence and diastase, and after using them a few weeks I have never ceased to thank him for his advice.

"I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong."

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way into popular favor.

All druggists sell Stuart's Dyspepsia Tablets, full sized pkgs. at 50 cents and for a weak stomach a fifty cent package will often do fifty dollars worth of good.

Masonic Temple—Week's attractions: Wednesday evening, "The Sorrows of Satan."

Friday evening, lecture by Mrs. Carrie Nation.

What the czar needs is a bomb-proof that will also answer the purpose of a cyclone cellar.

The DeBeers mining company is to advance the price of diamonds 30 per cent. Thus do the great corporations grind the heel of their power into the vitals of the common people.

These soft and dreamy spring days serve to remind the strenuous bleacherites that the Interstate baseball situation is still a shapeless mass. The horde of the disconsolate grows as the gladsome Maytime comes apace.

Emperor William II. laments and also rages some that his august person and imperial majesty do not command the respect that was accorded his great father, William I. It has for a long time been plain that there is too much "I" in the throne-room of the palace.

The difficulty of settling the terms of the Chinese settlement does not rest on the Mongolian government. China will have to submit to all the powers impose whenever the powers agree what that is to be. The confusion springs altogether from want of understanding as to whose heel is actually to be planted on China's neck.

Edward VII., of Great Britain and Ireland, in making a case against the dignified but democratic frock coat at court receptions declared "this is not a republic." Just so. And the presence of Edward and the absence of the frock coat are about the only evidences to prove it. Gold lace and court swords can do little to minimize the real democracy of Great Britain. The roots of the oak at Runnymeade have sprung deep and its branches spread broad over the land.

A police judge in Toledo has decided that drunkenness is a disease and not a crime, nor even a misdemeanor. Prisoners charged with that offense and appearing before him, he announces, will be discharged and the costs remitted. Doubtless here is a Daniel come to judgment, though it is pretty generally accepted that alcoholism is a disease. But there is wanting in this judge's attitude both the high judgment of a Daniel and the penetrating wisdom of a Solomon. The admission of disease is accompanied by obligation to attempt a cure. Liberty to promote and nurture disease is not a very striking remedy for the ailment. It has now and then been found salutary to place the victim of the jag malady in quarantine for thirty days or so.

No Ohio man was ever known to dodge a chance to appear in public or get his name in the papers. The Ohio women appear to be more modest. Governor Nash has been trying to find a prominent Ohio woman to break the traditional bottle of champagne over the prow of the battleship Ohio when the ceremony of launching comes off, and with such ill success as to suggest the possibility that conscription may have to be resorted to. Miss Hanna has declined the honor, likewise Grace McKinley and Senator Foraker's daughters, and now all the daughters of Ohio are preparing to decline because they weren't asked in the first place. The perplexity of the Ohio governor is doubtless very great, but if worst comes to worst, rather than permit the Ohio to be launched without a name, he might do the christening act himself. The law requiring this act to be performed by a woman is an unwritten one. The outside world cannot help wondering, however, why the Ohio women should offer such a striking contrast to the men in their unwillingness to perform a public duty.

A TRIBUTE TO FORT WAYNE.

The official report of the fifteenth annual encampment of the Union Veteran Legion, held in this city last September, has just been issued and copies of the same have been received here. The report is a neat pamphlet of about a hundred pages and the general report pays Fort Wayne a high compliment and closes with the following words:

"The citizens vied with each other in making all feel at home, and every courtesy possible was extended the comrades. The city belonged to them for the time being, and the comrades, appreciating this, took no advantage of the kindness shown them, and all regretted leaving when the time came to say good-bye.

"Never in the history of the organization was there a more enjoyable or pleasing time than the hours spent at Fort Wayne of the week beginning September 10, 1900. The comrades will ever remember and praise the good people of Fort Wayne and the members of Encampment No. 51, Union Veteran Legion, for the generous greeting and kind treatment they received while among this patriotic and generous people.

"To his honor, Mayor Scherer, and Gen. H. C. Zollinger we are greatly indebted for many personal kindnesses. Comrade Zollinger was the active spirit in planning and executing for our enjoyment, and in his labor of love he never tired or grew weary. Thanks to all who were in any way instrumental in making our stay at Fort Wayne, Indiana, so very pleasant."

MRS. NATION PROTESTED.

St. Louis, Mo., March 25.—Mrs. Carrie Nation, of Kansas, passed through this city today. She stopped long enough to visit a liquor establishment on Market street bearing her name. Mrs. Nation, followed by a crowd, called the proprietor to task for daring to name his establishment after her. The saloon man said he belonged to the nationals did his customers" and he meant to retain the name. Mrs. Nation was compelled to continue her journey without making any change in the nomenclature of the saloon.

WORK ON BIG STEEL MILL.

Martins Ferry, Ohio, March 25. Work was commenced today on the foundations for a big sheet steel works for the Laughlin Iron and Nail company of this place. The mill will be one of the largest in the country, will be independent of the United States corporation and will employ 1,000 hands.

PREPARED FOR PRIMARIES

DEMOCRATIC CITY COMMITTEE MEETS.

Important Business Transacted Saturday Night. Places for Holding Primaries.

At the meeting of the city democratic committee at the city hall on Saturday night, there was a full attendance and considerable business was transacted. Henry B. Monning announced that he had withdrawn from the race for city clerk but would be found with his shoulder to the wheel fighting for the interests of the democratic party as heretofore. This leaves only two candidates in the field, A. M. Schmidt and Charles Ditton. The time allowed for the announcement of candidates expired on Saturday night and according to a ruling of the committee no names not announced before the meeting will be placed on the ballots. A roll of the various candidates was called and all, with the exception of three, responded in person, and the three absentees were represented by proxies. An important ruling was made which should be remembered by all voters at the primaries. It has been the custom heretofore to leave a blank space on the ballots for the insertion of the names of councilmen. At this election, any such names inserted will not be counted and the ballot thus cast will be lost. The candidates present pledged themselves in the customary form and there was much enthusiasm. Captain E. B. Smith was elected treasurer and he at once assumed the duties of his office and assessments were made on the candidates to defray the actual expenses of the primary election which will be held one week from tomorrow, the call for which was issued today. There will be two ballots, one containing the names of the candidates for mayor and city clerk and the other the names of the candidates for councilman in the various wards. Opposite each name will be a little square and a cross in the square will signify the candidate for whom the elector wishes his vote counted.

THE POLLING PLACES.

The polling places selected are as follows:

First Ward.

All south of Washington street, in rear of H. W. Tapp's residence, Wayne and Lewis; north of Washington street, at Albonus Brothers' carriage shop, 18 Clay street.

Second Ward.

All north of Washington street, at corner Barr and Columbia; all south of Washington at Lauer's barber shop, 154 Barr street.

Third Ward.

All north of Pennsylvania railroad, at Meyer's livery stable, on Washington street; all south of the railroads at Corcoran's drug store, No. 269 South Harrison.

Fourth Ward.

All north of Wayne street, at Liebman's carpenter shop, Pearl street, all south of Wayne street and north of the Pennsylvania railway, at Hillegamm's, corner of Jefferson and Ewing; all south of the railroad, at Raber's shoe store, on Fairfield avenue.

Fifth Ward.

All west of the river, at 385 West Main street; all east of the river at Rippe's barn, on Broadway.

Sixth Ward.

All north of the Wabash railway at 252½ Broadway; all south of Butler and east of Fairfield, at Rhinehart's grocery, on Calhoun street; all south of the Wabash railway and Popular street and east of the river, at the Town hall.

Seventh Ward.

All east of Lafayette street, at 101 Wallace street; all west of Lafayette at Spanley's grocery, 437 South Calhoun. These places are subject to change.

Eighth Ward.

All south of Maumee avenue, corner of Ohio and Lewis; all north of Maumee, 385 East Wayne street.

Ninth Ward.

All north of Third street, at Puff's shoe store, 112 Wells street; all south of Third street at Brink's drug store, Wells and First streets.

Tenth Ward.

HOLD CONVENTION HERE.

The annual convention of the State Association of Congregational Ministers will be held in this city on May 14, 15 and 16. About one hundred ministers and laymen of that denomination from all parts of the state will be present and the sessions will be held in Plymouth Congregational church. A meeting of the program committee, of which Rev. J. Webster Bailey, of this city, is chairman, will be held in South Bend tomorrow and a full program will be arranged. Many prominent speakers will be heard at this convention and the program will be one of great interest.

EXAMINATIONS APRIL 22.

Secretary W. H. Hess, of the local civil service board, has been directed to hold examinations for positions in the railway mail service and as stenographer and typewriter in this city April 22, and there will probably be a large class of applicants. Those who desire to take the examinations must procure application blanks from the civil service commission at Washington and have them on file before April 12.

RIOT AMONG THE NIHILISTS

RUSSIANS IN NEW YORK HAVE A WILD TIME.

Meeting to Raise Money for the St. Petersburg Brethren Ends in a Fierce Fight.

New York, March 25.—A meeting of Russians held last night at a hall on Henry street to form plans for aiding the nihilists in St. Petersburg broke up in wild disorder after a free fight, in which at least half the audience joined.

The hall was filled to the doors, but everything passed off smoothly until a committee was appointed to call a mass meeting to raise funds for the nihilists.

Just after the committee had been named some one shouted, "Down with the spies." "Throw them out." "Kill the spies," chorused a dozen others. A man near the door struck a man near him in the face with his fist. His victim retaliated and this seemed to be the signal for a general scrimmage.

With wild shouts and yells in various languages, people in the audience began an onslaught on others, for no apparent reason. Some fought with chairs and others with their fists, and the din could have been heard a block away.

For ten minutes pandemonium reigned. Non-combatants, of whom there were only a few, stood on seats until they were jostled down. "Out with the spies" shouted a voice, and three or four people were promptly thrown down stairs.

One or two others shouted "Police" and announced that they were going for policemen.

This quieted the people, the fight stopped and a stampede from the hall followed.

Though many were bleeding about the face none was seriously hurt, and there were no arrests.

DIED OF EXHAUSTION.

New York, March 25.—Charles Friedman, a tailor, who in an insane fit on Monday last killed his two children, one three years and the other sixteen months old, at their home in Brooklyn, by strangling one and beating out the brains of the other, died in jail today. Death was due to exhaustion. The man had not slept since the death of his children.

AVOID all drying inhalants and use that which cleanses and heals the membrane. Ely's Cream Balm is such a remedy and cures Catarrh easily and pleasantly. Cold in the head vanishes quickly. Price 50 cents at druggists or by mail.

Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved.—J. W. Davidson, Att'y at Law, Monmouth, Ill.

CLUBS THIS WEEK.

The Unity club meet on Tuesday evening with Mrs. John Hayden. The subjects are a map study of Indiana and a conversation in charge of Mrs. Hayden and Mrs. Rehrer.

The annual meeting of the Duodecimo club will be held Wednesday evening at the home of Mrs. W. E. Davis.

The meeting of the Morning Musical will be held Friday afternoon at 4 o'clock in the Wayne club. The program will be songs for children, and Mrs. Harry Nuude is in charge.

Mrs. H. G. Granger will entertain the English club on Saturday. "Noted American Women of the Eighteenth Century" is the subject to be discussed.

MORE QUIET IN MARSEILLES.

Marseilles, March 25.—The strike situation has undergone little change. There have been no further disorders, more street cars are running today, protected by police, the strikers are quietly trying to influence workers to join them, and many factories are closed owing to want of engineers.

A REVELATION

Feeling Nervous

That's the way it begins. Little things disturb you. You are irritable, restless and worry over trifles. Your heart jumps and palpitates at every sudden noise, you can't concentrate your mind on your work, your memory fails and you do not sleep well at night. In the morning you feel weak and exhausted, with no appetite for food and no ambition for exertion of any kind. Nervous prostration has no terrors for those who use

"For a number of years I was troubled with nervousness and dizziness. My brain was confused and I had a dull pain in the back of my head. Several doctors failed to help me and then I began taking Dr. Miles' Nervine. It braced me up from the very start and I was soon feeling well. Whenever I feel a little off now, one or two doses put me right again." W. W. Trowbridge, Delta, Ohio.

YOUNG LAD ARRESTED.

Deputy Sheriff Ryan this morning arrested Charles Farra, a 13-year-old lad, for stealing $3 from Lester Sarrazin a week ago. The little culprit was taken before Justice Butlerman, where he confessed to theft and was bound over to the circuit court in the sum of $100 and was remanded to jail. Farra is a rough young lad and has been in jail for similar offenses twice before. Mahlon Esther, who works at Diether's lumber yard, settled his previous cases, but it fears to come to the rescue again. The lad went to the home of his uncle, Julian Farra, in Perry township, and assisted about the farm. Lester Sarrazin was invited man and last Monday young Farra stole the money out of his trousers pocket and at once came to town. He had a good time with the money and had spent all of it but 30 cents. He will be taken before Judge O'Rourke this afternoon and an effort will be made to send him to the reform school, as he is supposed to be incorrigible.

NAMED BY THE PRESIDENT.

Washington, March 25.—The president has appointed ex-Representative W. A. Rodenburg, of Illinois, a member of the civil service commission to succeed the late Mark E. Brewer, and F. J. Allen, of Auburn, N. Y., commissioner of patents, to succeed Commissioner Duell, resigned. The selection of Rodenburg removes one of the factors which has delayed the appointment of the St. Louis exposition commissioners. Mr. Rodenburg's friends pressed him persistently for one of these places. It is generally believed that Mr. Rodenburg's candidacy clashed directly with that of Prof. Northrup of Minnesota. The announcement of the commission is now expected within a few days.

ABOUT BASE BALL.

Tomorrow is when the big trick will come off in base ball circles in the Interstate league. The league will meet in this city for the first time in its history and will be called to order at the Wayne club at 2 o'clock. President Meyer has received letters and telegrams from nearly all the cities interested and it is expected that delegates will be here from Toledo, Columbus, Mansfield, Dayton, Wheeling, Indianapolis, Louisville, Grand Rapids, Anderson and Marion. These with Fort Wayne will make ten cities which is just two more than the league can accommodate. Who will be bounced is the question which is now agitating the magnates and it is the knottiest problem they have been called to face this year, or any other year for that matter. Wheeling is stuck away off to one side and there is a disposition to give that city the go-by but Mr. Armour of Dayton, who is as big a frog as any in the puddle says "no" and he is ready to fight. Marion and Anderson have made investments and they propose to stand pat on their proposition and Grand Rapids organized yesterday afternoon and is in the swim with both feet. But there is your uncle Mr. Watkins, of Indianapolis, who lays back smiling and says he owns everything in the Interstate worth picking up and he proposes to do a job lot of dictating and there is a feeling that what he says may have to go. There is a rumor in Indianapolis that while Watkins has a prior right, he forfeited that when he failed to show up at Columbus at a regularly called meeting of the league over a week ago. At this writing the whole matter is in a bad state of mixup and no one can tell what the result of tomorrow's meeting will be.

Now down at Columbus there does not appear to be a unanimity of feeling and things are still in a chaotic state, notwithstanding the favorable reports sent out from there. The Columbus Dispatch of yesterday puts the situation plainly and gives the low rascles a bumpin the neck while urging them to get a hustle on themselves. It says:

"The organization of a baseball company in this city must be brought to a successful issue within the next 48 hours. There will be a meeting of the Interstate league at Fort Wayne next Tuesday afternoon to make the final disposition of the circuit, and admit Indianapolis, if such a thing is found to be possible. If Columbus is not represented at that meeting by someone who can show that the stock company in this city is a reality, the only thing for the magnates to do will be to drop Columbus and give Indianapolis the vacant berth. The other Interstate league clubs do not want to take this action for they are very anxious to have Columbus included in the circuit. If Columbus comes to the scratch, they will be satisfied and will make some other arrangement whereby Indianapolis can be admitted. There will be a meeting of the stockholders of the Columbus Baseball company at the Board of Trade building on Monday night at 8 o'clock. Everyone who has subscribed for stock is earnestly requested to be present at this meeting for the company will be organized and directors elected. If there are any parties who are willing to take some stock but who have not yet subscribed for same they will be welcomed at the meeting Monday night and can make their subscriptions at that time. No one who is willing to take a share of stock rather than see the present effort to have a team here this summer fail, should stay away from this meeting for he will certainly be badly needed. The project has been at a standstill for the past several days, and in spite of every energy put forth, there are st ill about 25 shares of stock to be provided for. It is quite possible that a few of those who have subscribed for one share can be induced to take two rather than see the matter fall, but a sufficient number of this class cannot be depended upon to insure the sale of the full 100 shares."

* * *

Youngman, who owns an interest in the Dayton Inter-State team and franchise, has been offered the management of the Spokane team and will doubtless accept the position. Armour can manage the Soldiers in first-class shape and the position will give both of these well-known ball men profitable employment.

* * *

Heidrick and Wallace, of Comiskey's Chicago American league team, have jumped from that aggregation, and Comiskey says, "Although I have a strong contract with Heidrick, I would never allow him to play ball on my club again. I have no use for players who will sign two contracts." Comiskey's accession of virtue is sudden, for he has much urs for several ex-National league players who are members of his team, and who have signed other contracts.

NOTES.

The Toledo Times has a column article in Saturday's issue and Strobel's name was not mentioned once and it was not even hinted that he is the whole thing. There is still some hope for Toledo.

* * *

While the affairs of the league are muddled the local management is going right along making dates and doing business. This morning Secretary Hubbard closed a contract for games with the Royal Tiger Giants of Chicago on April 16, 17 and 18. The Tigers in former years were known as the Cuban Giants, Page Fence Giants, Columbia Giants, etc. On the 19th, 20th and 21st the Buffalo club will cross bats with the locals.

* * *

Old Joe Hornung and M. J. McLaughlin have been signed as umpires for the Interstate league by President Meyer. McNierny and the erratic Johnson will not be seen in Fort Wayne this season.

* * *

F. C. Bancroft, manager of the Cincinnati national league team, writes to congratulate President Meyer on his election and adds that the Interstate is a good, strong organization and will make them all step some this year. Mr. Bancroft has evidently not slept with Mr. Watkins lately.

* * *

Wheeling, March 25.—The Wheeling Base Ball association was organized under a charter which arrived yesterday. The capital stock of $10,000 is paid up, and Henry Youngman, of Homestead, Pa., who has been associated with Mr. Armour in the management of the Dayton team, was elected manager. Mr. Youngman will sign a team at once. Wheeling expects to remain in the interstate, guaranteeing Sunday games, and will stubbornly fight any effort to be ousted for Indianapolis or Louisville.

LOCAL LINES.

Rev. M. C. Cooper occupied the Berry Street M. E. church pulpit last evening in the absence of Rev. H. J. Norris.

Miss Martha Ruf has returned from Heidelberg university at Tiffin, Ohio, and will take a teacher's examination this week.

Herman Siemon celebrated his fortieth birthday anniversary Friday night by entertaining a party of gentlemen at a "stag" party.

Devotees of golf were out in force at Swinney park and at Hamilton's links on Saturday afternoon and the first games of the season were played.

Miss Minnie Rosener, formerly in the employe of Mrs. Roe, milliner, has taken a position with Mrs. Florence Reynolds, 26 E. Wayne street.

The annual opening of the Randall Wheel company will be held next Saturday and the store is being handsomely decorated for the event.

Anton Kohlmeier, a wealthy retired farmer of Washington township, left Saturday evening for California, where he will reside permanently.

Rev. J. Webster Bailey is the author of a very interesting story entitled, "The Gate Beautiful." Mr. Bailey will read the story at the morning service at Plymouth church Easter Sunday in piece of the regular sermon.

Mr. and Mrs. W. H. Braithwait, of Huntington, have returned home after a week's visit with Mr. Braithwait's parents in this city. They were accompanied home by Miss Carrie Braithwait and Mrs. Ed Pillers, of Arcola, who will remain a week.

Mrs. G. F. Trier will hold her annual penny fair at the rooms of the Mulqueen Dancing academy on Thursday, Friday and Saturday of the present week. Six handsome booths will be constructed, and the enjoyable character of these affairs is sure to attract a large attendance.

E. Russell Sanborn, organist at Trinity Episcopal church, has received a most flattering offer from Trinity Episcopal church at Portland, Ore., to take charge of the organ and choir of that church. Mr. Sanborn has not yet definitely accepted the offer of the local church and has taken the other offer under advisment.

Dr. Worch returned Saturday from a business trip through the northern part of the state in the interest of the coal company which he represents. He says he is out of politics for the present and has no ambition to be a police commissioner. The position, he thinks, will be filled with woe and he finds that he can get all the trouble he wants without looking for it.

DECISION PUT OFF

SUPREME COURT POSTPONES PORTO RICAN CASE.

ADJOURNS UNTIL APRIL 8

IMPORTANT WATERWORKS DECISION MADE.

AFFECTS ILLINOIS TOWNS

OTHER CASES DECIDED BY THE COURT.

Washington, D. C., March 25.—The United States supreme court today adjourned for two weeks, until April 8, without handing down a decision in the Porto Rican case. Several decisions of importance were rendered.

Opinions were handed down in several cases involving the construction of the state law of Illinois authorizing cities and villages to contract for water and waterworks. The cases decided affect the water systems of Freeport, Danville and Rogers Park in that state.

The water companies in each case contended that the law of 1872 and other subsequent acts authorizing town and city authorities to contract for a water supply for thirty years included the right to fix rates for that time and that the rate once fixed could not be changed. They argued that ordinances fixing rates were in the nature of contracts for the term of 30 years. In the case of the Freeport company the rate of $75 for each fire hydrant was first fixed by ordinance but it was reduced by a subsequent ordinance to $50. The water company attacked the validity of this ordinance and took the case into the state courts.

The Illinois supreme court decided against the company, holding the ordinance reducing the price of water to be valid. Today's opinion sustained the finding of the state court.

Justice McKenna in handing down the opinion said the state statutes were ambiguous but that it had been thought advisable to decide that ambiguity in the interest of the public.

A dissenting opinion was handed down by Justice White on the ground that the first ordinance was a contract. In this dissenting opinion Justices Brewer, Brown and White concurred. The opinions in all the other cases were on similar lines.

They reversed the decision of the supreme court of the District of Columbia in the case of Thinchmotten vs. Holt, involving the will of the late Judge Advocate Holt. The district court threw the will out. It will now be necessary to re-try the case.

The court denied the application of Alexander McKenzie for leave to file a petition for a writ of habeas corpus releasing him from imprisonment in California under the proceeding of the circuit court of appeals for contempt in connection with conduct as receiver of certain mines in Alaska.

The decision of the court was based upon the ground that a habeas corpus proceeding cannot be made the basis of a proceeding in error. The opinion was handed down by the chief justice.

ACTION POSTPONED.

The consideration of the franchise for the Fort Wayne and Southwestern Railway company by the board of works, before that body this afternoon, has been postponed until April 22, four weeks from today. This was done to enable the board and the attorneys for the railway to look up the law regarding franchises granted to railway companies, which was recently revised by the state legislature.

In course of the discussion of the matter J. K. McCracken of the board, said he knew positively that negotiations were in progress looking to the transfer of the Fort Wayne Traction company's street railway system and that it would be consummated or abandoned by the 22d of April, and that in view of such fact he opposed action now.

If a transfer were made, he said, the new owners would make needed extensions and other improvements and if this were done he would rather have one street railway system than two in Fort Wayne. Mr. Doughman, attorney for the Southwestern, rather resented the information, but Mr. McCracken warmly protested and maintained that he knew what he was talking about.

CELERY KING NATURE'S CURE

Headache for Forty Years.

For forty years I suffered from sick headache. A few days I began using Celery King. The result was gratifying and surprising, my headaches leaving at once. The headaches used to return every seventh day, but, thanks to Celery King, I have had but one headache in the last eleven months. I know that what cured me will help others.—Mrs. John D. Van Keuren, Saugerties, N. Y.

Celery King cures Constipation, and Nerve, Stomach, Liver and Kidney diseases.

BULLET LODGES IN HIS LEG

LOUIS JOLLY, OF MAPLES, ACCIDENTLY WOUNDED.

He was Loading a Revolver and the Weapon Discharged — Brought to the City.

Louis Jolly is at St. Joseph hospital with a bullet which cannot be extracted at present, lodged in his right leg. The wound, while it is a most painful one, is not necessarily serious unless blood poisoning should ensue, and every precaution to prevent such a tie poisoning has been taken.

Early this morning, young Jolly, who resides near the village of Maples, was loading an old revolver, and in some manner which cannot be explained, the trigger caught, and the weapon was discharged, the bullet, a 32-calibre, entering his right leg a short distance below the knee, and lodging near the bone.

A handkerchief was knotted around the wound to stop the excessive flow of blood and the young man was conveyed to St. Joseph hospital, this city, as rapidly as possible. Dr. W. H. Meyers was summoned, and with Dr. Mercer, of the hospital an effort was made to extract the bullet. Owing to the condition of young Jolly who had been greatly weakened by the fatiguing ride to the city, it was decided to postpone the operation until tomorrow. Joly is about twenty years of age, a healthy, robust young fellow, and there is little danger of serious consequences.

GUARANTEE WAS NOT GOOD.

"I see," he remarked, as he entered a Farnam street drug store, "that you have a cough medicine for sale here which you guarantee to cure any case of throat trouble ever contracted."

"Yes, sir," said the clerk, "and only twenty-five cents per bottle."

"Yes. What kind of a guarantee's back of the medicine?"

"Our own, for one; the manufacturer's, for another."

"Yes. What's the guarantee?"

"We will refund your money if the medicine does not do what it should. How much do you want?"

"Not so fast, young man—not quite so fast. S'posin' this here store goes broke before I use up the medicine—where I do get in? Now, if you'll let me take a bottle of it and it cures me, I'll come back and pay for it—does that go?"

"It does not."

"Maybe you'd be willing to deposit the money in a bank, where it could be had if the stuff doesn't do its duty—eh?"

"We would not."

"Well, then, you can go to thunder. I've read of these here bunko games before, but I never bumped into one. Maybe you kin skin the city folks, young man, but your uncle has had his whiskers cut several times. Good day."

MISSION FOR MEN THIS WEEK

NOTABLE SERIES OF SERVICES AT THE CATHEDRAL.

Eloquent Jesuit Fathers Have Addressed Many Thousands of Fort Wayne People.

There was not a vacant seat in the Cathedral Sunday evening when Father Shyne, the eloquent Jesuit missionary, began the opening service of the mission for men which is to continue during the present week, and the full seating capacity of the immense building, supplemented by hundreds of chairs placed in every available space was occupied by devoutly interested hearers.

Father Shyne's theme was the "Importance of Salvation," and in part he said: "In every man's heart there should be engraved 'the salvation of my immortal soul is my sovereign law.' All other affairs require only particular times or circumstances; this is the great affair of all times, of all actions, of all places, at home and abroad, in town and in country, in solitude and in company, in church, in the market, in the field, or in the camp. To save our souls, we have been created; if we lose them the loss is utterly irretrievable. If you lose your soul you lose everything. All other losses leave some comfort, some hope, but this loss leaves nothing but black despair and that forever.

"Could a man from some point in the heavens behold the whole world at once and what all men are employed in; and did God discover to him all that passes now in their souls, he would doubtless see a wonderful multitude and variety of thoughts and desires, but nearly all tending to the perishable goods of this life. He would see some eagerly pursuing honors and empire as this great nation of ours is today, others seeking riches, others taken up with pastimes and pleasures, many employed in building, trading, tilling the ground; others again transported with the passions of anger, hatred, jealousy, guilty love—all like little children, buried earnestly with baubles. And how few, how very few, are thinking of the one thing for which they have come into the world, the salvation of their immortal souls!

"God desires all men to be saved. The church, against which the gates of hell shall not prevail, the church which Christ founded and promised to guard from error in matters of faith and morals, proposes to you what you must believe to be saved, what you must do to be saved, and she gives you the God-given helps and means to believe and to do."

THE DAILY SERVICES.

The mission for men will continue during the entire week. Beginning at 5:15 each morning there will be mass and a brief sermon, the service being completed by 6 o'clock. At 8 o'clock the second mass and sermon will be given, while at 7 o'clock p. m. there is a class of instruction for both Catholics and non-Catholics. Each evening the regular services begin at 7:30 o'clock.

The mission for women, held during the past week, was in many respects the most remarkable ever held in the city, for it was attended by immense congregations from the opening service, and the interest deepened with each day. The last service was held Sunday afternoon at 3 o'clock, Father Mulconry closing the session with a sermon and the papal blessing. As on several previous instances during the week, the Cathedral was too small to accommodate all who desired to attend and many were unable to gain admittance.

GETS BACK TO FIRST GRADE

MARVIN KUHNS WRITES FROM COLUMBUS PRISON.

Famous Convict Says His Health Is Good and That He Is "the Same Old Sweetness."

From his cell in the Columbus penitentiary Marvin Kuhns writes the following letter to the Albion Democrat:

"As no doubt quite a number of your readers are unable to understand my long silence, I crave your indulgence for a few lines in explanation.

"According to the established rules of this institution prisoners are divided into four classes or grades. First grade prisoners are allowed numerous privileges and are also allowed to write two letters each month to their friends on the outside. Second grade prisoners are only permitted to write one letter a month. Third and fourth grade prisoners are denied all privileges and are cut off from all communications with the outside world. The first and second grade prisoners wear a grey uniform; the third and fourth grades wear what is termed the stripes, the fourth being a white and black stripe about one inch wide, and run around the limbs and body like the rings on a coon's tail.

"Upon the return of an escaped prisoner he is supposed to be placed in the fourth grade for the period of six months and denied all privileges which are accorded first and second grade prisoners. In ancient times it was customary upon the return of the prodigal to kill the fatted calf and have a great jollification, but in this enlightened age it is quite different, for we believe in sacrificing the prodigal and keeping the calf for a milch cow, provided it is that kind of a critter, or as the boys here express it, 'give him h—l and shove him in it.'

"Now, my dear friends, I do not want you to conclude from the above remarks that this has been my experience since my return, for I have only explained to you what the rules are and not what has been my experience.

"True, upon my return I was supposed to be reduced to the fourth grade, but at the same time I was given to understand that any favor I seen fit to ask for would be cheerfully granted, so you see, dear friends, it was my fault and not the official's that I have not written sooner. Upon my return I was at once taken to the prison hospital, which is a large and commodious building and placed in care of three physicians and one of the best surgical nurses in the country and remained under their care until Monday, the 4th inst., and suppose I would have been there yet had I not insisted on being discharged.

"Barring the fact that my right 'lamp' was burning but dimly I was my same old sweetness and felt that it would be imposing on good nature for me to stay in the hospital any longer.

"After being discharged from the hospital I was put in the stripes and wore them until yesterday, when I was advanced to the first grade. My treatment by the officials has been most kind and courteous and while they are not as dear to my heart as the friends of my youth, still I hold them in high esteem and feel most kindly disposed towards them. Since my return I have had a great many callers, some through idle curiosity, others to offer their sympathy and assistance.

"My health is now good and am getting along swimmingly. With sentiments of true esteem and kind consideration, I remain respectfully,

"Marvin Kuhns."

THE MARKETS.

Chicago, March 25.—Wheat was dull and featureless during the first part of today's session. May opened ⅛@¼c higher at 70¼@70⅜c on higher cables and lighter world's shipments than expected. Later cables were easier and the market under this influence and liberal northwest receipts eased to 75⅛c. Local receipts were 90 cars, 3 of contract grade, while Minneapolis and Duluth reported 621 cars against 709 last week and 731 a year ago.

Corn was fairly active and strong on the unsettled weather and fair cash demand. May opened ¼c higher at 41¼c to 41⅜c and sold early to 42c. July was in good demand at ⅛@¼c over May. Receipts were 283 cars, 39 of contract grade.

Oats were dull. May opened unchanged at 25⅜c and held steady. Receipts were 214 cars.

Provisions opened easier on heavy hog receipts, but rallied on buying by packers. May pork opened 5c lower at $15.35 and advanced to $15.75. May lard 2½c down at $7.85 and rose to $7.92½, and May ribs unchanged at $7.85, rallying to $7.95.

THE DAY ON WALL STREET

New York, March 25.—The demand for stocks was very large and varied at the opening. Prices of Americans had advanced in London before the opening here and the international stocks all felt the benefit, a number of them rising a point. Ten thousand shares of Ontario and Western sold at 34½ to 35⅛, compared with 33⅞ on Saturday afternoon, and 5,000 shares of Texas and Pacific sold at 34½ to 35½, compared with 33⅛ on Saturday. The Gould stocks were all strong, including Western Union. New York, Chicago and St. Louis jumped 3½. Among the specialties Amalgamated Copper rose 1⅞ and North American 1½. Sugar was the only conspicuous stock to show heaviness, running off a large fraction.

Room traders who purchased stocks Saturday on the favorable bank statement promptly took profits on the advance this morning and the opening strength was soon dissipated with the free feeding of the large new demand.

Special pressure against sugar and the New York public utilities increased the downward tendency and many leading stocks fell from 1 to 2 points. Before the general selling became pronounced there were important advances in some cases. American Express rose 4 points, United States Express 11½, Lake Erie and Western 2¼ and New York, Chicago and St. Louis preferred ¾ points. There were other advances of 1 to 1½ in minor stocks. Prices of many prominent stocks fell below Saturday's and only those stocks which had wide opening gains had any advantage remaining. The activity of the trading was unlimited and there were some rallies before 11 o'clock.

Large buying of special stocks which are not usually prominent exercised a sustaining force elsewhere, and the reaction was checked.

Cleveland, Columbus, Cincinnati and St. Louis was the leading feature, rising 3¾ to 8½. Some of the Vanderbilts and Industrials rose 1@3¼. Local stocks were helped by a 4 point rise in Consolidated Gas and St. Paul's rise to 150¾ ex-dividend benefited the Grangers and Pacifics. Prices did not recover to the opening average of recognized leading stocks. Declines of 1 to 1⅞ in the Smelting stocks and Tennessee Coal halted the advance.

Bonds were fairly active and irregular.

THE MONEY MARKET.

New York, March 25.—Money on call steady at 2½ per cent; prime mercantile paper, 3½@4¼ per cent; sterling exchange firm with actual business in bankers' bills at $4.85@4.85⅛ for demand and at $4.81½@4.84¾ for 60 days; posted rates, $4.85⅛ and $4.80; commercial bills, $4.83¾@4.84½; silver certificates, 61¾@63c; bar silver, 60⅝c; Mexican dollars, 49c.

WATCHES ARE COMPASSES.

"A few days ago," said a merchant to the writer yesterday, "I met a sailor friend and while chatting with him I expressed a desire to know which was the north. He at once pulled out his watch, looked at it and pointed to the north. I asked him whether he had a compass attached to his watch.

"'All watches,' he replied, 'are compasses.'

"Then he explained to me how this was. Point the hour hand to the sun and the south is exactly half way between the hour and the figure 12 on the watch dial. For instance, suppose that it is 8 o'clock, point the hand indicating 8 to the sun and the figure 10 on the watch is due south.

"My nautical friend was quite surprised that I did not know this. Thinking that I was possibly ignorant about a subject that everyone else knew, and happening to meet a man who is a perfect walking encyclopedia, I asked him if he was aware of this simple mode of discerning the points of the compass. He said he had never heard of it. I presume, therefore, that the majority of people are in the same state of ignorance."—Washington Star.

The Jamais Arriere club will be entertained Wednesday evening by Mrs. W. H. McClilland.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S S S begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system all morbid, effete matter. **A CONSTANT DRAIN UPON THE SYSTEM.** When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. F. Tolbert, Lock Box 218 Winona, Miss., says: "Six years ago my leg from the knee to the foot was a sore solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

SSS is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

FAST RUN RECORD

GEORGE KENSILL THE CHAMPION OF THE THROTTLE.

131 MILES IN 146 MINUTES

TRAIN A FREIGHT LOADED WITH MACHINERY.

NEWS OF THE SHOP AND RAIL

KERR MURRAY WORKS TAKES OUT A BUILDING PERMIT.

By all odds the best freight run ever made on division C of the Pittsburg, Fort Wayne and Chicago road was the the one made last Saturday afternoon, when train No. 66 covered the 131 miles between this city and Crestline in two hours and twenty-six minutes. The train was made up with four special cars, loaded with machinery weighing between 300 and 100 tons, consigned to the Carnegie company, at Pittsburg. It was in charge of Conductor J. Haley and was hauled by engine 277, with Engineer George Kensill and Fireman D. H. Monahan in the cab. In weight the train was about equal to a train of seven passenger cars. As stated, this beats the record for fast freight trains and comes near beating the best passenger run. In the latter line Assistant Road Foreman Robert Lyons leads, having a record of two hours and twenty-three minutes, Fort Wayne to Crestline, the train being a light special bearing the late R. T. McDonald. On the special Saturday was a gentleman representing the Milwaukee establishment from whence came the machinery. Shortly after leaving the city this gentleman remarked that the eighty-five miles between Chicago and Milwaukee were covered in three hours and he expressed the opinion that that time could not be beaten on the Pittsburg road. "Oh, pshaw," said Conductor Haley, "you will think the St. Paul train was merely backing up when we get you to Crestline."

HAD A COUPLE OF RIBS BROKEN.

William N. Morton, a freight handler at the Pittsburg warehouse, was struck in the breast Saturday afternoon by a box, which fell from the top of a pile in the car which he was unloading. At first he did not think he was seriously injured, but an examination by Dr. Ruhl revealed the fact that two ribs were torn from the sternum. The accident will disable Mr. Morton for a few weeks.

A GOOD FREIGHT BUSINESS.

The past week was one of the busiest in the way of freight traffic the Nickel Plate has experienced since the great rush immediately following the closing of navigation last fall. In fact the company had more business than it could handle. Trainmen and enginemen were not allowed to lay off only the required time for sleep and rest and every engine that could pull a train was out constantly. Last evening one of the men connected with the road told a Sentinel reporter that during the previous twenty-four hours there were forty-three trains on the western division. This is not a record-breaker, but it is considered very good business.

SICKNESS ON THE DECREASE.

Sickness among the Pittsburg shopmen is on the decrease, the absentee lists today containing only a few names, while a number of those who had been on the sick list reported for work this morning. Included in this number are J. Richards, H. C. Strangman, John Nolan, Jerre O'Conners, W. C. Zwick and Edgar Szink. Daniel Shepherd, who had a finger mashed ten days ago, and J. H. Cady, who had been out of the city looking after some private business, also reported at the shops for work today.

AT KERR MURRAY WORKS.

Saturday a building permit was issued to the Kerr Murray Manufacturing company for the erection of a factory building to cost $10,000 upon the site of the burned shops. The work will be pushed rapidly forward when it once commences and the Kerr Murray works will soon be the busy, active establishment they were before fire destroyed the main buildings. An army of laborers and teams are at work today clearing away the debris at the old shop site. Mr. Cressler was on the grounds early, directing the work. Asked when he would resume business he answered: "Just as soon as we can get matters in shape. The moulding department could be set in operation very soon if we had the patterns, but unfortunately the patterns most needed were consumed in the fire and we must make new ones before we can do much in the moulding line." Temporary quarters for the patternmakers are being fitted up, however, and they will soon have some patterns ready for business.

MORE MEN TO RETIRE.

Dr. E. F. Wagner is in Pittsburg today confering with the higher officials of the Pennsylvania company upon matters connected with the relief department. It is reported that twenty-five or thirty more men are to be placed upon the retired list in a short time. These men are those who have been disabled either by accident or through disease and have not yet reached the age limit, seventy years.

GETS A PATENT.

Charles Garver, of Wabash avenue, has just been granted a patent upon a new variety of steam compressor and mechanics who have examined Mr. Garver's invention pronounce it an excellent device. One of the machines is now being built at a local machine shop. The patent was secured by Attorney W. G. Burns.

INDUSTRIAL NOTES.

John Haudenschild, Pittsburg boilermaker, is sick.

Henry Eix and Walter Marrow, of the Wabash blacksmith shop, are sick today.

H. J. Smith, a painter, has taken a position in the engine department of the Pittsburg shops.

Chief Clerk Frank Reed, of the Pittsburg motive office, is in Wellsville on railway business today.

M. S. Willson went to Peru this morning to repair some dynamo machinery in an electric light plant.

After an illness of three weeks, Nickel Plate Conductor J. M. Wells resumed his duties on the road yesterday.

Fred Bullerman, of the Erie shops, in Huntington, and his wife were the guests yesterday of relatives in this city.

Harvey Crane, superintendent of construction for the Fort Wayne Electric company, is in Pittsburg on business.

Charles A. Munson, Chicago agent for the Fort Wayne Electric company, is sick and confined to his room in that city.

William Keith, who had been off duty on account of the death of his niece, resumed work in the Pittsburg boiler shops this morning.

The American Car and Foundry company has orders for over 30,000 new freight cars, representing a total cost to the railroads of $25,000,000.

E. Mercer, a blacksmith at the Pittsburg shops, was called to St. Louis this morning by a telegram, announcing the dangerous illness of his mother.

Roads of New England have agreed to conform to requirements of the Transcontinental Passenger association in the matter of the sale of colonists' tickets.

J. T. Donahue, painter at the Pittsburg shops, fell from a scaffold Saturday afternoon and severely sprained one of his ankles. He is unable to work.

The Fort Wayne Electric company is doing a good business at present, though most of the sales of the past week were dynamos and apparatus for additions to plants.

Fred Garkins, formerly a fireman on the Pittsburg road, has gone to New Mexico, to take a position upon a road of which his brother is the superintendent of motive power.

H. A. Smith has been appointed commissary agent of the New York Central, his jurisdiction to extend over the Boston and Albany, now controlled by the former.

Thomas Pritchard resumed his duties in the Bass machine shop this morning after a week's honeymoon. Mr. and Mrs. Pritchard will soon be at housekeeping on Fairfield avenue.

J. H. McConnell will on April 1 retire as superintendent of motive power of the Union Pacific. He has been connected with the power department of the road for thirty-three years.

The Wabash has refused to grant the request of competing lines that it advance its rates between New York and Kansas City on account of its improved service and shortening of time.

In order to take advantage of the day light the Olds Wagon works now commence work at 6:30 and quit at 5:30 o'clock. The works are very busy and a large force of workmen is employed.

Engineers Ed Wolf and Frank Maloney and Fireman J. Godfrey, of the Nickel Plate, are sick and off duty. Fireman Clinton Anderson, of the same road, is taking a much needed rest.

Omaha railroads have organized a new passenger association, including fourteen roads which practically have entrance into Omaha. The new association has asked to be recognized as a branch of the Western Passenger association.

Mrs. Durnell, wife of Engineer Chester Durnell, of the Pittsburg, has returned from Chicago, where business for the Ladies' Auxiliary of the Brotherhood of Locomotive Engineers engaged her attention for a few days.

Charles Bromelmeier, Nickel Plate engineer, has secured a ten days' leave of absence, which he will spend with friends and relatives in Cleveland, O. Fireman Charles Schuff has also gone to Ohio for a short visit with relatives.

Pittsburg Engineers F. E. Moore, Max Horning, C. A. Prince and H. Kelker and Firemen J. A. Byall and P. O'Hara are off duty on account of sickness. Fireman J. Miller is off duty on account of the very serious condition of his child.

Zac. Mead, the colored man who was recently transferred from brakeman on the Pennsylvania limited to the position of janitor at the Pittsburg depot, did not like the change and retired from the position Saturday night. Gus Rogge is again in that position.

Nickel Plate engine 80, Engineer Samuel Hooper at the throttle, had the misfortune to blow out a cylinder head at Claypool Saturday night, causing two hours' delay to the extra eastbound freight train it was pulling and less delay to one or two other trains.

Assistant Road Foreman R. J. Lyons, of the Pittsburg, is engaged in riding over the road with recently promoted engineers, giving them the benefits of his experience at the throttle. There are quite a number of new men and this task keeps Mr. Lyons very busy.

Mrs. J. W. McCoy, who has been very ill for some days, remains about in the same condition, though there were indications of a slight improvement this morning. Mr. McCoy, who had been off duty on account of the lady's condition, resumed his work this morning.

The engineers and firemen on the Grand Trunk, who have grievances, claim that Charles M. Hays, late general manager of the road, made promises to them, covering in effect what they now ask and which Mr. Reeves, his successor, says he cannot see his way to fulfill.

Christian Campe has resigned his position at the Pittsburg freight office and will return to the Coombs hardware store. He was employed for four years as night clerk at the freight office and rendered very good service. His resignation is regretted by the men employed there.

One of the reforms of the present day in railway operation is the improvement of the passenger day coach. Why more attention has not been given to this matter in the past is a surprise, as the day coach traffic constitutes a very large volume of the traffic on all lines. Even among the better class of travel it resents the appearance of being forced back into a sleeping car.

Huntington Herald: "Harry I. Young, the young man who had both legs cut off by a Wabash train some four months ago, is a member of the K. O. T. M. order and was at the time of the accident. Amos Redman, secretary of the order, yesterday received one hundred dollars as the first installment to be paid Young on his disability claim. Mr. Young will receive one hundred dollars per annum for a period of ten years."

The news of the death of the little son of John Hamilton was received with sadness this morning at the Bass works, where the bereaved father is employed. Mr. Hamilton has been unable to work for over a week on account of the threatening condition of his son.

The New York Central now has eight trains every day to Chicago, seven to Cleveland, three to St. Louis, four to Cincinnati, two to Toronto, four to Montreal, five to Detroit, twelve to Buffalo and Niagara Falls, including the famous Empire State express, and sixteen trains between New York, Albany and Troy.

In the year 1900 4,438 miles of new railways were built in the United States. This year the mileage built seems likely to be considerably larger, probably exceeding 5,000 miles, as 200 railways are now under construction or contract, aggregating when completed 5,000 miles. These are what might be termed live projects. If those now being agitated are built it will swell the mileage to 8,200 miles.

LARGER ACREAGE IS NEEDED

TO TEST SUGAR BEET CULTURE IN ALLEN COUNTY.

Farmers Held Meeting Saturday and Talked It Over—The Company's Proposition.

Allen county farmers held a meeting Saturday afternoon at the assembly room of the court house to discuss the sugar beet question, under a proposition from the Continental Beet Sugar company, of Cleveland, which is anxious to establish a refinery in this city if Allen county farmers will take an interest in beet culture and it is demonstrated that the soil of this section is adaptible to raising the crop.

Two hundred acres of land must be pledged to the growth of the beets as a test, and if the product shows a sufficiently encouraging percentage of sugar the Continental company is willing to establish a branch refinery here. The first crop will be purchased at a price of $3.75 a ton on board cars at Fort Wayne or New Haven. Thus far contracts for land have been signed as follows: Henry Gurjer, 50 acres; C. W. Fairfield, 10 acres; Alexander Johnson, 5 acres; H. F. Gerke, 3 acres; F. Furthmiller, 3 acres; George Brown, 10 acres; L. H. Romy, 3 acres, and W. F. DeVilbiss, 4 acres. About sixty acres were pledged last Wednesday.

MORE LAND IS NEEDED.

Not enough land has yet been secured to make the test, and during the present week Alexander Johnson and W. F. DeVilbiss will visit a number of farmers, with the expectation of getting the required 200 acres without difficulty. Those who are willing to devote a portion of their farms to making the test are requested to communicate with Mr. Johnson or Mr. DeVilbiss.

These gentlemen, as well as a number of other local farmers who have devoted some study to the sugar beet question, spoke in support of giving the matter a trial. Mr. Johnson said that at Kalamazoo the producers were getting only $3.50 per ton, and at this price their average receipts per acre last year were $47.63. The cost of producing and marketing them was about $18 per acre, the producer allowing himself $3 per day for man and team. He urged the farmers present to take hold of the matter and help make it a success. He thought it was one of the best industries a farmer could engage in.

EXPLAINED THE PLAN.

C. E. Mitchell, a representative of the Continental company, was in attendance at the meeting Saturday, and stated that his company, now operating a plant at Fremont, Ohio, was willing to come to Allen county if it could be demonstrated that sugar beets of a profitable grade could be cultivated here. If 200 acres are pledged his company will for this year pay $3.75 per ton for all beets raised, regardless of sugar percentage.

Mr. Mitchell said the seed would be furnished by the company, as it was to the interest of the producers as well as of the company to plant the best seed. It will require fifteen pounds of seed per acre, fifteen cents a pound, to be paid for when the crop is delivered.

The seeds are to be drilled in rows twenty inches apart, and thinned to eight inches apart in the rows. The crop must be planted, tended and harvested under the direction of the company. The seed, he said, should be planted about the middle of April or as soon after as the weather will permit. The average per acre for the first year is about ten tons. After farmers once learn to cultivate properly they can raise on an average of about fourteen tons. Mr. Mitchell dwelt at some length on the manner of cultivating sugar beets and his talk was very interesting and instructive.

COLDS

The quickest relief for a cold is by Scott's emulsion of cod-liver oil.

We all have colds, you can try it and see. You will find the edge taken off in a night; and, in three or four days, you'll be wondering whether that cold amounted to anything anyhow.

That's relief. If you tackle it quick the relief is quick and complete, if you wait till the cold is in full possession of head and lung, why, of course, the relief is quick if it comes in a week.

A little emulsion won't clear and restore your whole breathing machine in a minute; don't be looking for miracles.

WAS BRILLIANT

SOLIDAY, HITE & COMPANY'S GRAND OPENING.

Incomparable Exhibit of Furniture, Carpets, Draperies and Outfittings —Hundreds Visit the Store.

That portion of the community which attended the opening at Soliday, Hite & Company's enlarged store Saturday, had the opportunity of seeing a display that would do credit to a metropolitan establishment. If one is to judge the community by what it admires the verdict would be that the portion which visited this elegant store during the opening referred to have tastes for things beautiful and useful. Under one roof, and upon a floor space of about 20,000 square feet, this firm has concentiated a stock of furniture, carpets and house furnishings that it would be difficult to eclipse in any store outside of Chicago or New York. When a Sentinel reporter visited the store Saturday evening, his gaze traveled over a vast scene of treasures that are used in this advanced generation to fill up homes and permeate them with comfort and happiness. From the street the glow of the brilliant interior was reflected upon crowds who had either passed through the store or were on the eve of doing so. Within the store the crowd filed through the various departments admiring the view before them. Reineke's orchestra discoursed music throughout the evening and every guest received a souvenir. The entire first floor of the store is given up to the display of furniture, save the handsome frontage, which was converted into a suite of rooms for the better display of parlor and bed room goods, carpets and draperies.

It would be impossible in limited space to enumerate the furniture shown, but a few of them were parlor goods, library goods, bed room suits, couches of all descriptions, combination book cases, rockers, great leather chairs in which one might find more comfort than the finest feather bed, chiffoniers, dining room goods, etc., etc. The finish of some of these goods beggars description. All the varying grades of furniture from the commonest to the most elegant turned out by the best manufacturers in the country was there to be admired and commented upon. The carpet and drapery room of this house is a late departure and one that will prove popular. The stock consists of Wiltons, Axminsters, Smith's velvets, Stinson velvets, body brussels of all grades, (Whitall's famous goods,) and Smith's tapestries of all grades, etc. The selection of ingrains is beyond compare, these goods coming from the well known house of Thomas Devlin & Sons, Philadelphia. The firm has a most elaborate and useful stock of outfitting goods intended to meet the general demand for goods of this character. Dinner and tableware, lamps, refrigerators, carpet sweepers and a thousand other things come in the list.

The magnificent effect produced throughout the store was largely brought about by the artistic work of Mr. George C. Dierstein, a professional draper of this city.

The store as remodeled, decorated and restocked, places it in the line of big stores of Indiana. Its fair dealing with the public accounts for its popularity and success. The store has a street frontage of sixty feet, presenting the best window space to be found in the city. With modern goods and such a variety of them the business will be largely patronized, as it deserves to be. The firm showed remarkable enterprise in giving the public such an elegant treat.
